The ROSE WITHOUT  
THORNS

The EVERBLOOMING THORN-  
LESS red Hybrid Tea Rose. A bril-  
liant sport of the famous "E. G.  
Hill." All the hardiness, good grow-  
ing qualities and prolific blooming  
habit of its ancestor but with the  
NEW QUALITY of having CANES  
FREE FROM THORNS. Truly the  
marvel of the age in Rose develop-  
ment. Brightest red color and will  
begin blooming in six to eight  
weeks after planting. Produces  
abundantly from then on until  
freezing fall weather. We offer  
only 2-year, No. 1, field-grown  
and budded plants. See prices  
below.

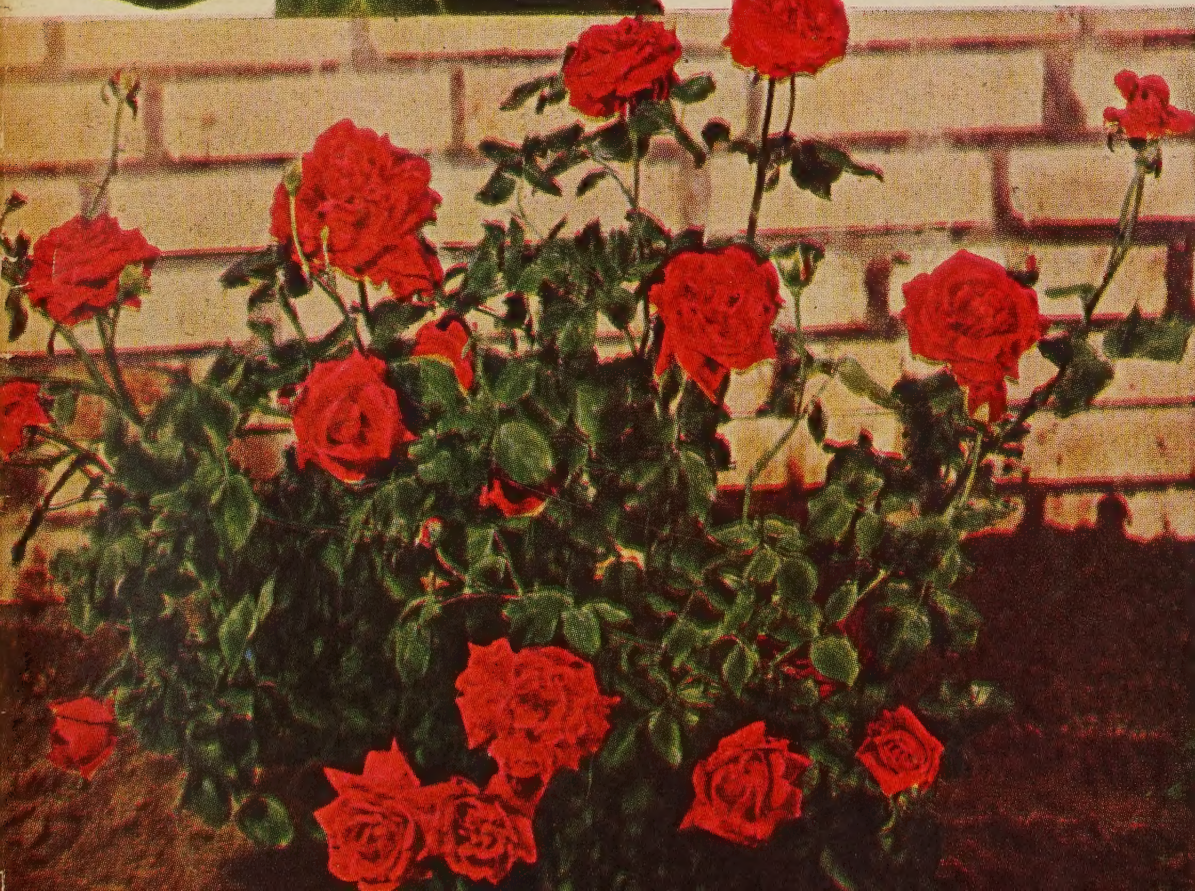

Each \$2.00  
3 for 5.00

THE THORNLESS ROSE—

Middlebury  
Indiana

Middlebury, Ind.  
Sept. 20, 1946

Dear Friends:

It is again time for our catalog to go to press and again it is my pleasure to greet each one of you, especially so this year, following the five long years during which wartime conditions have prevailed in our country.

We had hoped that by the time we were writing you these words that normal business conditions would prevail in all parts of the country, but it seems that such is not the case, at least not at the present time.

We find many shortages of materials of all kinds and unsettled conditions prevailing in both labor and transportation fields. However, we assure you that we will do our best to give you the high quality stock which we have always furnished and will endeavor to give you the best possible service on your orders.

You will note, this year, that in order to help us and also make it better for you, that we are enclosing two order blanks with your catalog. If you will list all Roses and Phlox on the order blank which is so designated, and other items of nursery stock on the other order blank, it will help a great deal in expediting shipment of orders.

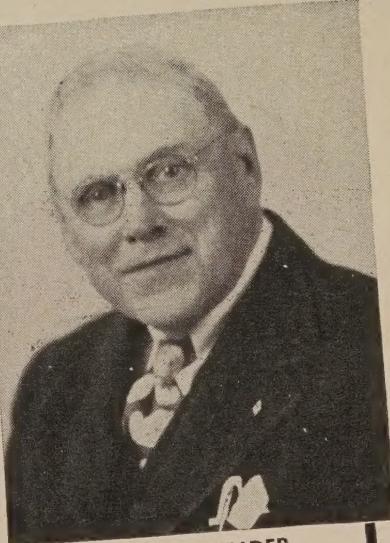

You will note that the order blank for Roses has practically all of the collection and Patented Roses in our catalog listed thereon, and it is an easy matter to check the items which you want and enclose remittance for same when sending the order to us.

We have some nice stock to offer this year and we are quite sure that you will be more than pleased with any items which you receive from us.

We especially stress the fact that orders should be placed early. There is a great shortage all over the country of many items of nursery stock, due to the fact that labor supply was short during the war years and many growers simply did not have the help to propagate their usual amount of stock.

If at all possible, we suggest that you get your order to us shortly after you receive this catalog. For the past three or four years we have had to return many orders unfilled which came in to us in April, simply because our supply of stock was booked up before the orders reached us.

Again pledging you our best endeavor to give you the stock you want when you want it, and wishing each and all of you success in all of your endeavors, I am  
Very truly yours,  
VERNON H. KRIDER

VERNON H. KRIDER  
Founder and General Manager

#### THE THORNLESS ROSE

(Dedicated to  
Vernon H. Krider)

AMERICA now knows  
(Perhaps the Orient, too)  
There is a thornless Rose  
To feel the kiss of dew.

For ages men have dreamed  
About this precious flower,  
Now minus thorns that  
gleamed—  
Removed by Nature's power.

The slender stems reveal  
The dawning of a Rose  
That soon will help to heal  
The world with scarlet glows.

The legend will be told  
Throughout the centuries,  
And petals will unfold  
Along with mysteries!

—Betty Shamburger Atwood

**ALL STOCK

#### **FREE PLANTING INSTRUCTIONS**

With each order shipped we enclose a copy of "Krider's Planting Pointers." This helpful folder will give you much assistance in properly planting and caring for your plants.

#### **SHIPPING CHARGES**

We reserve the right to make shipment of your order by the method we deem best to assure safe arrival. When we ship by Express you are to pay charges to your agent upon arrival. Such small items as we sometimes send by Parcel Post will be sent prepaid.

**YOU MAY SELECT \$2.00  
WORTH OF STOCK IN  
THIS BOOK FREE WITH  
AN ORDER AMOUNTING  
to \$10 or OVER and SENT  
TO US BEFORE MAR. 15**

**TERMS—CASH WITH ORDER  
We Do Not Make C. O. D. Shipments**

#### **GENERAL INFORMATION**

**LOCATION:** Nursery and offices are located at Middlebury, Indiana. We are just north of U. S. Route No. 20, 15 miles east of Elkhart, Ind. Indiana State Route No. 13 passes within 2 blocks of our office.

**CLAIMS:** All claims for shortages must be made within 10 days of the receipt of the entire order. Many times orders are sent in more than one shipment, with a note in earlier shipments that more is to follow. Wait until last shipment arrives before claiming shortage of stock.

**REMITTANCES:** Make all remittances by post office money order, bank money order, express money order, draft or check. Please do not send stamps or cash unless absolutely necessary and then register your letter. We cannot assume any responsibility for remittances lost in the mail while enroute.

**REFERENCES:** First State Bank, Middlebury, Ind. Dun and Bradstreet, Inc., 290 Broadway, New York.

#### **PLEASE NOTE**

The earlier you get your order in to us the better. This enables us to take care of the necessary clerical work on orders during the winter before the rush of the spring shipping season. This amounts to a saving with us and we are glad to show our appreciation by allowing you to select FREE GIFTS.

Remember these gifts apply only to cash orders of \$10.00 or over, and your order must be postmarked March 15th or before. Free stock must be listed and sent in with your original order as it is impossible for us to hunt out orders and attach lists of free stock after orders are filed for shipping. Any order listing free items which are postmarked after March 15th will be shipped without free stock. In the past we have been rather lenient on this matter, but shortages of stock and labor conditions make it necessary that we hold to the March 15th deadline. The premiums are given for early orders and those coming in when the shipping season has opened cannot be classified as early orders. Free stock may be selected from any items in this book.

#### **NURSERY STOCK GUARANTEE**

We guarantee that each plant shall be true-to-name, otherwise we will replace free of charge or refund purchase price of any proven not to be so. We guarantee that each plant shall be of a size and quality as described in this catalog, and that plants will reach the customer in good condition.

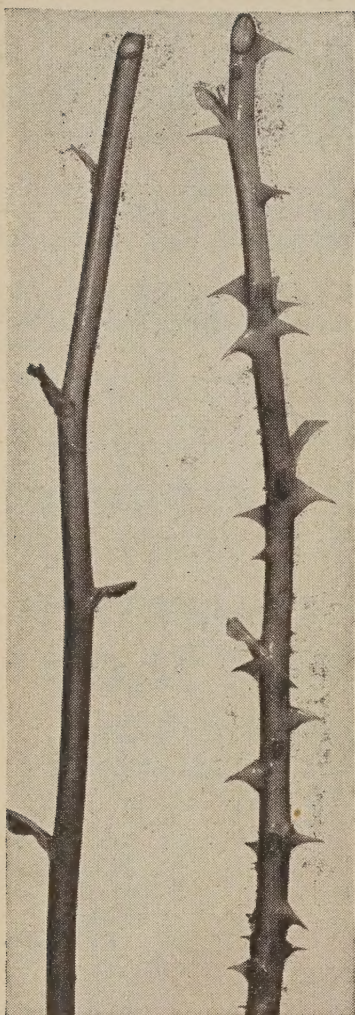

**IF YOU ARE NOT SATISFIED WHEN YOUR ORDER REACHES YOU, RETURN STOCK AT ONCE AND WE WILL REFUND YOUR MONEY TOGETHER WITH ANY TRANSPORTATION CHARGES YOU HAVE PAID. AFTER STOCK IS ACCEPTED AND PLANTED IT IS ASSUMED TO BE SATISFACTORY.** Remember, a plant is a living thing, the same as any animal or human being. It feeds, drinks and breathes, and is subject to attacks by insects, diseases and drought; hence, we do not guarantee growth of plants after planting.

Stock lost after planting will be replaced at one-half the price paid the following season, provided we are notified of such losses by July 1st after planting. This one-half price only covers digging, packing and handling charges in making the replacement.

If stock reaches you in damaged condition, have postmaster or express agent sign a receipt to this effect, as this will enable us to recover damages.

It is mutually agreed between customer and ourselves that we can not be held liable for any greater amount than original price of stock, and that in case of our inability to supply any item, or items, ordered, that the refund of amount sent for such items shall relieve us of any further liability.

## THE THORNLESS RED EVERBLOOMING HYBRID TEA

A Bright Scarlet, Thornless Sport of the Famous "E. G. Hill,"  
Which is Loved Wherever Good Roses Are Grown. So Good That  
We Paid \$10,000.00 for the Patent Rights on it. (See Check  
Photostats on Page 7.)

**A FESTIVAL OF ALL THAT IS GOOD IN  
FINE ROSES...STEMS ARE AS SMOOTH  
AS THE BRANCH OF A WILLOW . . . .**

At left a section of stem of  
"Festival," the Thornless Rose,  
with leaf stems left on. At right  
a section of stem of regular  
Rose. "If thorns prick your  
hands, it isn't 'Festival.'"

## Please Read Carefully Before Ordering

This year you will find TWO order blanks enclosed with your catalog. One is designated to be used for ALL ROSE AND PHLOX ORDERS, and the other for ALL OTHER ITEMS. It will help us give you better service if you will use them as indicated.

### DO NOT WRITE LETTERS OR QUESTIONS ON ORDER BLANK WITH YOUR ORDER

Orders and correspondence are handled through entirely different channels and letters or questions written on with your order may not ever be answered. Write and mail all letters and questions separately. We try to answer all letters as rapidly as possible but during rush seasons there may be a few days delay. All orders are filled and packed direct from your original copy, so fill in the order blank spaces properly but do not write anything extra on the blank. It only confuses the packer in trying to properly fill the order.

Always keep a copy of your order for checking purposes. Write all questions and correspondence on a separate sheet. Where questions are asked on order blank they may not be noticed and answered for weeks.

If there is no express station in your town or city be sure to give the name of the town having the nearest express station.

Send your order in as early as possible. If before March 15th, be sure to list your Free Gifts as explained on page two. Give us the approximate date you want the order shipped. We try to ship as near that date as possible. However, after March 15th orders are filed and shipped as near as possible in the order in which they come in. Orders received before March 15th are given preference when shipping season starts, if shipping dates are given on them. Remember, that it is physically impossible to move thousands of orders to customers all at the same time. We try to ship as the season advances through various sections of the country. Cushion Mums and potted plants are usually shipped in early May, except to far northern points where there may be late frosts.

Please take care of your stock at once when order is received. Plant if possible. If you must wait a few days, open the package and heel the plants in the ground. Don't toss packages in the cellar or garage for two weeks and then expect to find things in first class shape when you come to plant. If ground is temporarily frozen or too wet to plant you can keep plants by setting package in cool cellar, loosening wrappings and dampening packing material around roots of plants.

Please check all packages and plants before writing us about shortages. Many times several kinds of plants may be wrapped in the same package. Customers sometimes write us they are short certain plants only to find them next day when they open all the packages. This only makes extra work and confusion for you and for us. Where we do not ship an order complete we try to put in a notice informing you that balance will follow. Of course, there is always a chance for error and we want to know of any real shortage in filling the order. However, shrubs and trees on your order may be sent several weeks ahead of the time for planting perennials or berry plants, etc., so always wait a reasonable length of time before writing, if your order doesn't all arrive at the same time.

# KRIDER'S ALL-AMERICAN

This All-American group of Roses is not to be confused with the selections made by The All-America Board which annually makes selections of outstanding new varieties of Annuals, Perennials, Roses, etc.

This is our own All-American collection, selected by us as eleven of the outstanding Roses of today for the following reasons:

- **First**—Because of the wide range of colors. Practically every color known in the Rose world is represented in this collection.
- **Second**—Because they are hardy in all sections of the country. Even in far northern climates they do well if given average winter protection.
- **Third**—Because they are offered at a price which all America can afford. No premium prices are asked for these splendid Roses.

## ALL-AMERICAN COLLECTION

# PLAN TO PLANT THE NEWEST!

"Crepe Myrtle" PLANT PAT.  
APPLIED FOR

## SHRUB ROSE

HAVE SOMETHING NEW,  
BEAUTIFUL and DIFFERENT—

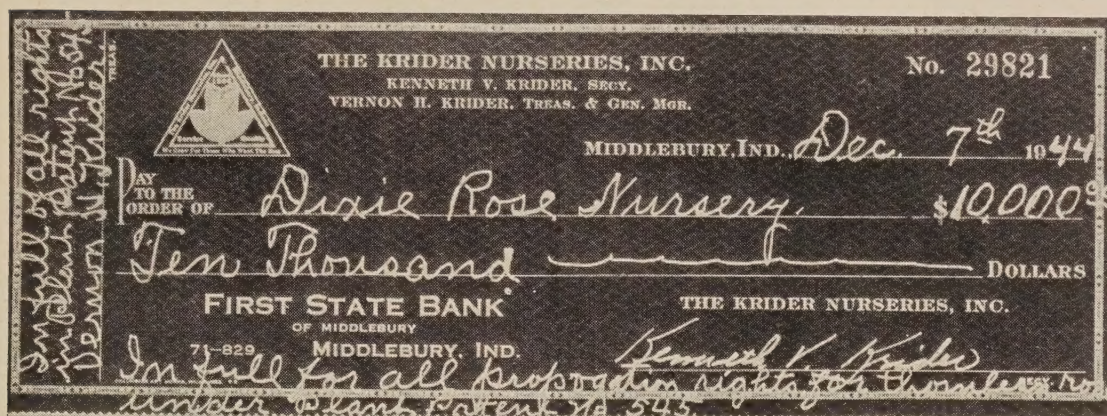

As its name indicates, it grows in the form of a sturdy shrub, reaching a height of 4 to 6 feet in the North and Mid-West, taller in the South. Heavy canes grow upright and are extremely thorny. This feature makes this an ideal plant for an informal flowering hedge. Keeps off trespassers and makes a thick screen to insure privacy for outdoor living areas. Also fine for specimen plants at the corners of a flower or Rose garden. This is an everblooming Rose and bears abundant bloom over the entire season from June until freezing fall weather. Flowers are large, very double, fragrant and have an exotic shimmering pink color. Bush is very hardy and may be kept trimmed at the desired height and in the desired shape. Plant "Crepe Myrtle" Roses if you want to have something new and different. Excellent for use with shrubs in the border as they provide plenty of color when other blooms are scarce.

"Crepe Myrtle"—Beautiful New Shrub Rose

2-YEAR, FIELD-GROWN AND BUDDED PLANTS  
\$1.50 each; 3 for \$3.75, postpaid

"FESTIVAL" IS THE IDEAL ROSE  
FOR MASSED  
PLANTINGS IN  
LARGE GARDENS

Above is a photostatic copy of the \$10,000 check which we gave for the patent rights on "Festival"—the Thornless Rose. This is by far the largest sum ever paid for the patent rights to any Rose. This Rose is shown in color on the front cover of this catalog.

Below is a photostatic copy of the check for \$1,000 which we gave for the single parent plant of "Climbing Festival." The largest sum ever paid for a single Rose plant. This plant is shown in color, with the originator, A. F. Watkins, on the outside back cover of this catalog.

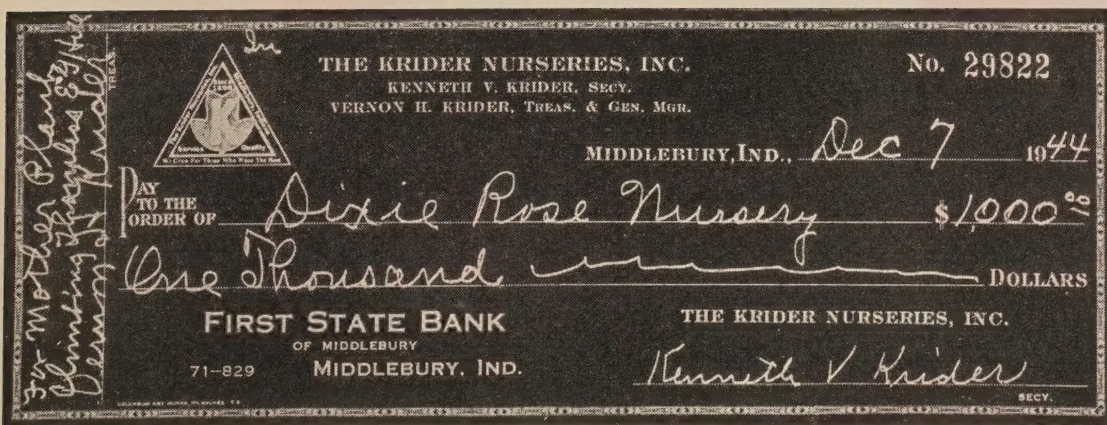

"Festival's" bright red color makes a striking display when used for massed plantings. Its prolific and abundant blooming habit assures a supply of blooms practically every day of the season from June until freezing weather in the fall.

The plants we offer are all No. 1, 2-year, field-grown and budded plants. The finest grade of plants you can buy. They will grow and produce abundant bloom the first season planted; in fact, the first blooms usually come on "Festival" plants within 6 to 8 weeks after planting.

"FESTIVAL"—THE  
\$10,000.00 ROSE . . .

"Festival" is indeed the \$10,000.00 Rose. We paid the owner of the Plant Patent on this remarkable Rose the sum of \$10,000.00 for the Patent. This is by far the largest sum ever paid for the Patent rights on any Rose. We think it was worth it—worth it to give Krider customers something they have always dreamed of; a bright red Hybrid Tea, Everblooming Rose without thorns. We believe you will agree that it was worth it when you plant and enjoy "FESTIVAL," the Thornless Rose.

Be first in your neighborhood to have "FESTIVAL." We guarantee it to grow and bloom. The most satisfactory Rose we have ever grown.

# EIGHT SUPERB

## GRAND DUCHESS CHARLOTTE—AARS PATENT PENDING

Beautiful long, pointed buds of a unique deep rose shade which open into gorgeous blooms of dusty rose. An outstanding ever-blooming Hybrid Tea Rose for lovers of fine plants and blooms. 2-year, No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.

## LOWELL THOMAS—AARS PLANT PAT. No. 595

Immense bright chrome-lemon blooms. Beautifully shaped buds which open with the petals rolling outward. Blooms 4 inches across when fully open. A splendid yellow, everblooming Hybrid Tea for the finest gardens. 2-year, No. 1 plants, \$2.00 each; 3 for \$5.00, postpaid.

## TEXAS CENTENNIAL PLANT PAT. No. 162

The famous blood-red everblooming Hybrid Tea Rose which has won wide acclaim from coast to coast for its excellent qualities. A sport of the President Hoover, it seems to combine all the fine qualities of hardiness, easy culture, prolific blooming habit and gorgeous color. A truly great Rose and one you can plant in all confidence that you are planting one of the best. 2-year, No. 1 plants, \$1.00 each; 3 for \$2.50, postpaid.

## MIRANDY—AARS PLANT PAT. No. 632

Easily won first place and selection by the All-America Rose Committee in 1945. Rich, glamorous, deep crimson blooms open from long, pointed, ovoid buds. Excellent foliage is heavy in texture and covers the erect, symmetrical branches. Bush is vigorous and sturdy, generally reaching about 30 to 36 inches in height. Very penetrating Damask fragrance. Especially fine for cutting, as the buds will open slowly into gorgeous 50-petaled blooms. 2-year, No. 1 plants, \$2.00 each; 3 for \$5.00, postpaid.

# PATENTED ROSES

Horace McFarland

## HORACE McFARLAND—AARS

PATENT PENDING

A truly distinctive new Rose. Sturdy plants grow strongly upright. Foliage is remarkably leathery and healthy. Plants bear an abundance of large buds, deep apricot in color, which open into an almost indescribable shade of buff-salmon blooms. Flowers are large, having 45 petals and are borne from June until freezing weather in late fall. A Hybrid Tea Rose you will be proud to have in your gardens. **2-year, No. 1 plants, \$2.00 each; 3 for \$5.00, postpaid.**

## STRATFORD PLANT PATENT

No. 160

If you love silvery pink color then you will want "Stratford." One of the most unique petaled Roses we have ever seen. Open blooms have the odd, Cactus-like appearance of the Cactus Dahlias. A vigorous growing plant with strong, erect canes. Buds are a delightful flesh-pink, opening into large blooms so extremely double that there scarcely seems to be room for all the petals. The color of open blooms is creamy pink and holds for days as the many petals unfold. Blooms come almost continuously from June until freezing weather and this is a Hybrid Tea we're sure you will want to add to your gardens. **2-year, No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.** (See back cover for new "Pillar Stratford.")

## GOOD NEWS PLANT PATENT

No. 426

Really good news for Rose lovers. Buds are deep copper-pink and open into gorgeous, large double blooms with a coppery center blending to shell-pink on the outer petals. Richly fragrant. Blooms almost continuously throughout the summer and fall until freezing weather. Sturdy, healthy plants with fine foliage and habits. A truly fine Hybrid Tea. **2-year, No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.**

## CHARLOTTE ARMSTRONG—AARS

PLANT PATENT No. 455

The top place winner in All-America Rose Selections in 1941. A real Rose aristocrat that produces a profusion of richly scented, coral-rose blooms on erect, vigorously growing plants. Foliage is rich green and abundant. Stems are long and wiry, lending perfect support to the exquisite blooms. Long, pointed buds unfold slowly and as blooms age they acquire a soft coral-pink shading. **2-year, No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.**

Blooms of "Pink Grootendorst" Hardy Perpetual Rose

## HARDY PERPETUAL ROSES FOR COLD CLIMATES . . .

2-YEAR FIELD GROWN PLANTS—  
WILL BLOOM NEXT SUMMER . . .

### PAUL NEYRON

A perpetual without thorns. A very strong grower, producing probably the largest blooms of any Rose. Fragrant, and color is a beautiful clear pink. Very hardy and will grow in locations and climates where other Roses fail. Excellent to use in combination with shrubs for border work.

### FRAU KARL DRUSCHKI

Sometimes called "White American Beauty." Extremely sturdy and prolific in growth and bloom. Large double blooms of waxy white, each perfect in form. One of the most valuable Roses for colder climates or difficult growing locations.

### RED GROOTENDORST

Red flowering Rugosa which is ideal for hedges or use with shrub plantings. Exceptionally hardy and strong grower. Small double blooms in clusters. Bright red.

### PINK GROOTENDORST

Same habits and characteristics as Red Grootendorst except color is a lovely silvery pink.

Your Choice of the Above  
**90c each; 3 for \$2.50;  
12 for \$7.50, Postpaid**

**INTERSPERSE HARDY PERPETUALS WITH SHRUBS IN THE BORDER**

## CLIMBING ROSES

### PAUL'S SCARLET CLIMBER

One of the greatest of the hardy Climbers. Combines rapid growth with extreme hardiness and free blooming habit. Brilliant scarlet flowers which are large and last over a long period.

### MME. GREGOIRE STAECHELIN

(Often called "Spanish Beauty")

The wonder Rose. Possesses a delightful fragrance which is rare in Climbing Roses. Excellent for cutting. Color is charming deep red in bud, opening into a pearly pink as the perfumed petals unfold.

### CLIMBING AMERICAN BEAUTY

An old favorite Climbing Rose. Very hardy and a vigorous grower. Free bloomer. Color deep pink. Blooms extra large, resembling Tea Roses in shape and size.

### CLIMBING TALISMAN

A truly distinctive Climber. Fragrant and rich in color shades. Buds are orange-yellow opening into large blooms of salmon-orange, shaded with red and gold.

**Your Choice of Above  
Nice 2-Year Plants . . .  
90c Each; 3 for \$2.50;  
12 for \$7.50, Postpaid**

## "BLAZE" U. S. PLANT PAT. No. 10 — A REPEAT BLOOMER - BRIGHT SCARLET SPORT of PAUL'S SCARLET CLIMBER Called "The Climber Supreme"

One of the largest selling Roses ever introduced. Grows in true pillar form. Terrific crop of early blooms followed by repeat blooms throughout the summer and fall season. Plants have the hardiness and good habits of the Paul's Scarlet parentage. Good, bright green foliage and sturdy canes. Excellent for use on each side of a driveway entrance or along a background fence. Color is intermediate scarlet and does not readily fade after blooms open.

**Sturdy, 2-Year, Field-Grown  
\$1.50 Each: 3 for \$3.75, Postpaid**

(See back cover for two new Climbing Roses.)

# "FAITHFUL FIVE" ROSE COLLECTION

In this collection we offer five truly fine varieties of Hybrid Tea Roses. This is an ideal group for those with limited space or for those who care to plant only a few good Roses. Also a splendid group to add to an established Rose garden. Note the selection of varieties. Note that it includes the new Yellow Condesa, the grand Rouge Mallerin, the rich red color and spicy fragrance of Grenoble, the shimmering pink of the favorite Betty Uprichard, and last but not least, the dependable two-toned Talisman. Really, this "FAITHFUL FIVE" are just that, producing faithfully all summer long. All are everblooming.

# 2 ALL TIME GREATS FOR ROSE LOVERS

Although introduced several years ago, "CRIMSON GLORY" ranks just about "tops" with all Rose lovers. In fact, it was rated as the No. 1 Rose of all time by 54 leading Rose experts who were polled by House Beautiful Magazine in 1946. "PEACE" ranked so high it was the only selection made by the All-America Rose Committee for 1946. It is destined to become an All-Time great among fine Roses.

**Crimson  
Glory**

## "CRIMSON GLORY" PLANT PAT. No. 105

Enormous double blooms of deep vivid crimson. Long, pointed buds which open slowly. Large, sturdy bushes produce an abundance of extremely fragrant blooms. Foliage plentiful and healthy. A real Rose in every sense of the word and a valuable addition to every garden.

Nice, 2-year, field-grown and budded plants.

**\$1.50 each; 3 for \$3.75**

POSTPAID

## "PEACE"

Plant Patent no. 591

AARS—(The Only  
Selection for 1946)

We might well use this whole page extolling the merits of this grand new Rose. Adjudged by experts to be one of the greatest new Roses of all time. Magnificent large, very double blooms ranging in color from a deep yellow in bud, to creamy yellow with cerise-pink edging as the petals unfold, and finally an alabaster shade on fully open blooms. Not unusual for one to count 5 or 6 different shadings in blooms on a single plant. Bushes are massive and sturdy in growth with tough, leathery, dark green foliage. Plants bloom from June until freezing weather, producing exhibition quality flowers in abundance.

2-year, No. 1 plants.

**\$2.50 each;**

**3 for \$6.25;**

**12 for \$24.00**

POSTPAID

# YOU WANT YOUR ROSES to GROW and BLOOM SATISFACTORILY—SO DO WE...

## PAY PARTICULAR ATTENTION to the INSTRUCTIONS BELOW

### HOW TO GROW ROSES SUCCESSFULLY

Consider these simple instructions and you will have little difficulty in growing beautiful Roses.

Rose bed should be in a sunny location and the soil should be of good garden grade and well drained. Fertilizer or well-rotted manure should be thoroughly worked into the soil as the bed is spaded.

Unpack and plant Roses as soon as received from the nursery if at all possible. If you cannot plant at once, unwrap the plants and heel them in the ground until ready to set in their permanent places. Never throw package into the basement or garage and leave for several days and then expect to find plants in perfect condition when unwrapped.

In planting, set the plants with the bud, or joint, just above the roots, about 1½ inches below the surface of the soil. Have holes large enough to avoid crowding of the roots and be sure soil used for filling in is finely pulverized. Tramp soil firmly a couple of times as the hole is filled and leave a slight depression around each plant to retain water.

As soon as planting is completed see that all plants and the soil around them is thoroughly soaked with water. Cut back all canes to a length of 4 or 5 inches at planting time. This is very important as the root system of a newly transplanted Rose bush will not be able to leaf the

canes to their entire length and many times plants will simply die in trying to do so.

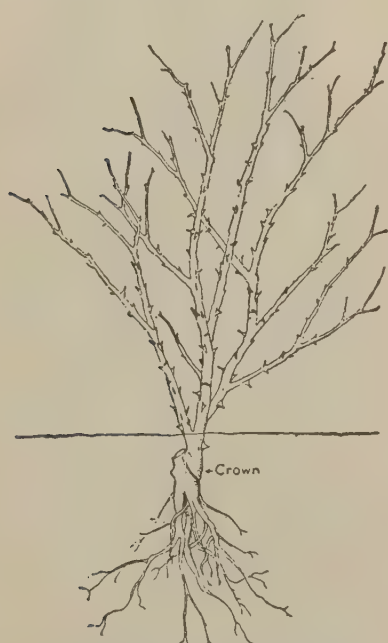

Keep the Rose planting well watered at all times when there is no natural rainfall. A reasonable application of fertilizer applied twice during the summer months, with an interval of at least 30 days between applications, will induce added growth and extra quality in blooms.

Allow 18 to 24 inches between plants when figuring the number of plants needed for a bed.

Each succeeding spring all canes should be cut back to the 4- or 5-inch height as stated above. This causes strong new growth and abundant bloom to develop.

For winter protection in cold climates, hill the dirt up around each plant to a height of 8 to 12 inches in late fall before the ground freezes. Level off as soon as danger of hard freezes is over in spring and cut plants back as directed.

All our Hybrid Tea Roses are budded on Multiflora. Once in a great while a shoot from this Multiflora will come up from below the bud. These wild shoots are easily distinguished by their rampant growth and their groups of 7 leaves to a stem. Dig down around the plant and cut the wild shoot off close to the root. This will prevent its growth, which otherwise would soon kill off the true-budded Rose variety. These shoots rarely come up but it is well to inspect your plants occasionally to be sure.

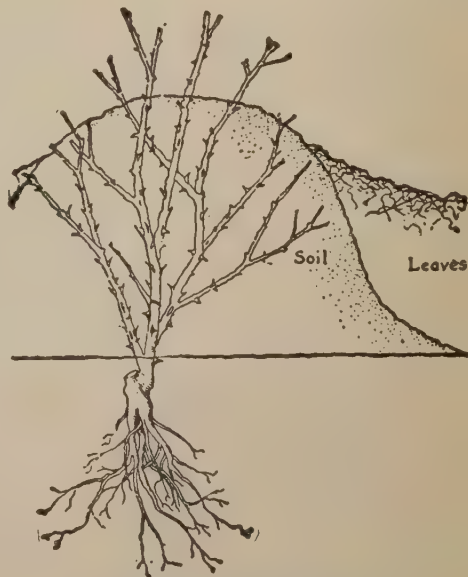

Set Plant With Bud or Joint 1½ Inches Below Surface of Soil

## CLIMBING FESTIVAL

The very finest thing that grows  
Is a resplendent crimson Rose;  
And Krider's thornless "Festival,"  
Ablaze against a fence or wall,  
Is something really to enthral.

Its fragrance is enticing, rare;  
Thorns can't annoy you anywhere.  
So get, if you've a chance at all,  
The famous "hit" this spring or fall.  
Remember—"CLIMBING FESTIVAL."

—John Brinton.

Ashboro, N. C.,  
April 15, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: This is to express my surprise and appreciation for the baby evergreens I ordered from you. They were far above expectation and about twice as large as expected.  
This was just a trial order.

J. P. H.

North Haven, Conn.,  
April 15, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: The Rose bushes I ordered from you last month arrived in good condition, and I was so pleased with them that I am sending you this order for more. They certainly sold themselves to me and a lot of my friends are raving about the wonderful stock you sent me. So you probably will hear from them also.

J. G.

Dunkirk, N. Y.,  
May 1, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: Received evergreen collections today, also shrubs and fruit trees. Was delighted with everything, especially the evergreens. They certainly are sturdy looking; and such a lot of roots. Planted them right away with the "Thornless Festival" Rose in the same bed. The Roses you sent for premium were lovely . . . many thanks!

The perennials came last week and I surely appreciate the generous count.

Have ordered from quite a few different nurseries, but believe I have found the best place yet.

Thanking you again, I am,

MRS. E. S.

Auburn, Indiana,  
April 17, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: Recently I received two different orders from you. I wish to thank you for shipping them to me so promptly and also to tell you that all the plants, shrubs and Roses are the best and the most well-rooted stock that I have ever received from any nursery, regardless of price or claim.

You may rest assured that you will receive another order from me this next fall and others in time to come.

M. R. M.

Akron, Ohio.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: Four years ago we purchased three Nectarine trees as well as some other trees. I wish that you could see the Nectarine trees. They are so large and sturdy, and they bear the most wonderful fruit I have ever tasted.

DR. C. F. W.

Petersburg, Ohio.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: Received Roses and nursery stock, and everything was perfectly satisfactory. We were well pleased with all of it.

MRS. G. S.

New Orleans, La.,  
Feb. 6, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: I have just received Rose plants, and I want to say this is the finest lot of plants I have ever received in my 76 years.

Thank you.

C. C. B.

Bowie, Texas,  
Feb. 15, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: I like your shrubs and plants better than any northern nursery I've ever ordered from, and they nearly always come in better condition.

MRS. J. T. L.

Chattanooga, Tenn.,  
March 5, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: My Roses came yesterday in perfect shape and I am well pleased with them. I am enclosing an order for two more Rose bushes, and will appreciate it very much if I can get them now.

Thanking you.

MRS. J. F.

Whitacre, Virginia,  
Mar. 25, 1946.

Krider Nursery, Inc.,  
Middlebury, Indiana.

Gentlemen: I received my order of shrubbery a few days ago from you, and find it to be in excellent condition. I was so well pleased that I would like you to fill another order for me.

G. B. W.

Knoxville, Tenn.,  
April 3, 1946.

Krider Nurseries, Inc.,  
Middlebury, Ind.

Gentlemen: I wish to thank you for your prompt attention to my orders for Roses and plants; everything came in good shape, and such wonderful root system to them.

R. B. S.

River Rouge, Mich.,  
April 9, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: Thanks for the early order of Rose "Festival", a wonderful looking Rose bush.

G. K.

Baltimore 7, Md.,  
March 25, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: The Rose bushes and other plants arrived in excellent condition. All had very good root growth. I would like to order three more varieties.

Thank you for your prompt service.

MRS. W. S.

Wichita, Kansas,  
April 23, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: Just wanted to tell you how pleased I was with my order of Phlox and large Daisies. They are growing real nice and my plants were so large and nice when you sent them.

MRS. P. S.

Mahwah, N. J.,  
April 11, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: I want to thank you for the excellent nursery stock shipped on my order. This is without a doubt the best looking stock I have ever received from any nursery and I have been buying some for the past thirty years.

Thank you very much.

H. J. L.

ORIGINALS, WITH COMPLETE NAMES AND ADDRESSES, OF ALL TESTIMONIALS USED ARE IN OUR FILES

UNIVERSAL FAVORITES  
FOR BEDDING AND  
EDGINGS . . . . .

*Polyanthas*

Golden Salmon Makes an Effective Walk Edging

DWARF, HARDY and  
PROLIFIC BLOOMERS

Gruss an Aachen

**GRUSS AN AACHEN**

One of the older varieties, but one of the most beautiful. Sparkling silvery pink blooms come in such abundant clusters that the plant appears as a colorful mound. All the Polyantha hardiness and good growing habits. Use for massed plantings or colorful beds along walks or driveways. In bloom continuously from spring until freezing weather.

**GOLDEN SALMON**

Rich, deep salmon color which glows like bright copper when a mass of them are in bloom. Excellent foliage which seems to be resistant to disease. A riot of color all summer long. One of the brightest and flashiest Polyanthas. Use liberally along walks, for massed beds or in front of taller plantings of shrubs or Roses.

**EDITH CAVELL**

The dark red Polyantha. Rich dark green foliage. An ideal variety for bedding or planting along the top of walls. Like all Polyanthas, it is hardy and blooms all summer.

**ORLEANS**

If you prefer a lovely pink shade for beds, etc., then Orleans is the answer. Same characteristics as other Polyanthas. You will revel in the masses of rich pink blooms which this variety produces.

# SENSATIONAL NEW FAMILY OF FINE ROSES

## Floribundas

BRILLIANT, COLORFUL  
and EVERBLOOMING

### WHAT ARE "FLORIBUNDAS"?

This is an entirely new and different family of Roses. They have the profuse blooming habit, the vigorous growth and the ability to thrive under adverse conditions of the Polyanthas, but produce blooms almost as large as those of Tea Roses. Plants grow almost as large as Hybrid Teas but as a general rule are more upright and compact. Floribundas cannot be excelled for beds or borders and are exceptionally effective for massed color displays. Blooms generally are more or less in clusters which makes them ideal for bouquet use. Keep well after cutting.

Wonderful New Floribunda "Cinnabar"

### "CINNABAR" Plant Patent Pending

If you want the newest Floribunda Rose, then get "Cinnabar". Stands cold, heat or drought and blooms from June until freezing weather. Upright in growth, reaching 18 inches or more. Color is true cinnabar or cinnamon-red. Satiny and glowing with richness, "Cinnabar" stands out like a beacon in any planting. An exquisite Rose and one you'll be proud to have in your plantings. Heavy rooted, 2-year plants which will bloom this summer, \$1.50 each; 3 for \$3.75, postpaid.

### "RED RIPPLES" Plant Patent Pending

One of the most scintillating red Floribunda Roses we have ever seen. It is that sparkling shade which immediately stops the eye. Grows to 30 inches tall and in true Floribunda style. Buds are perfect and hold well on the plant or after cutting. Plants bloom continually from June until freezing fall weather. A mass of red through the summer months. Petals have wavy, rippling edges. Ideal for massed plantings. 2-year No. 1 plants, \$1.25 each; 3 for \$3.15, postpaid.

Red  
Ripples

Else  
Poulsen

### "ELSE POULSEN"

A truly delightful Floribunda Rose which grows readily and blooms heavily, practically the entire summer. Color is a light silvery pink. Upright growth. Ideal for bedding along driveways, around bird baths, etc. 90c each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50, postpaid.

### —SPECIAL FLORIBUNDA ROSE COLLECTION—

**3** One of each of the three outstanding  
Floribunda Roses shown and described  
on this page.

Postpaid ..... **\$3.25**

2 COLLECTIONS for \$6.00, Postpaid

White Flowering Baby's Breath

## The FAMOUS IMPERIAL HYBRIDS DOUBLE HOLLYHOCKS

New hybrid strain of an old favorite garden flower. New brilliant colorings, new larger blooms and new hardiness make this an outstanding strain. Desirable for background plantings as they grow to 5 feet tall. Being hybrids, they come only in mixed colors, and we cannot ship by any specified color. 2-year roots will bloom this summer. **25c each; 5 for \$1.00.**

## WHITE BABY'S BREATH

**GYPHOPHILA PANICULATA.** The beloved Baby's Breath which is so desirable for use in mixed bouquets during the summer and which may be cut and dried for use in winter floral arrangements. Grows about 2 feet high and makes a rounded mass of misty white when in bloom. We offer nice 2-year roots which will bloom this year at **30c each; 4 for \$1.00.**

New Giant Flowering Super Daisy, "Supreme"

Imperial Hollyhocks

## HERE IT IS! THE NEW SUPER DAISY . . . "SUPREME"

**Blooms as Large as 5 Inches Across!**

Here you are, folks—a real Daisy lover's dream. Immense giant white blooms, often measuring 5 inches across, with a bright golden center. Two rows of petals almost create a double effect. Stems are long, from 24 to 36 inches, and hold blooms stiffly erect. All the hardiness of the Shasta Daisy family but so far superior in size and quality of blooms that the older types are rendered obsolete. There was only one name to give to this remarkable Daisy and that was "SUPREME", because it really stands supreme among all white Daisies we have ever seen. Blooms heavily and profusely over a long period in June and July.

**2-YR. FIELD GROWN ROOTS  
WHICH WILL BLOOM THIS  
SUMMER**

**40c each; 4 for \$1.50;  
8 for \$2.75**

# MAKE YOUR PLANTINGS PERMANENT HARDY PERENNIALS

Will Bloom This Summer

## BLUE FLOWERING DAYLILY—Hardy Funkia

Broad, pale green, fluted leaves, variegated by white band and varied streakings. Valued for its foliage as well as for the blue flowers hanging in loose panicles from heavy short stems. Grows 4 feet tall. 35c each; 4 for \$1.00, postpaid.

## NEPETA, "SIX HILLS GIANT"

One of the best plants we know of for hot, dry and exposed perennial plantings.

Gray-green foliage makes splendid contrast to surroundings. Compact and upright habit makes it desirable for massed plantings.

Nepeta, "Six Hills Giant"

Ten to twenty flower stems on each plant reach a height of about two feet. Rich lavender-blue blooms are borne in great profusion during blooming season, with occasional blooms throughout the summer. Fine for border or for massing. Heavy, 2-yr. plants, 35c each; 4 for \$1.00, postpaid.

## FESTUCA GLAUCA

### Dwarf Blue Ornamental Grass

A tufted grass which has bright blue color and will liven up your rock garden when blooming plants are scarce. Always remains dwarf. Hardy and does not spread. 2-yr., field-grown; 35c each; 4 for \$1.00; 10 for \$2.25, postpaid.

Blue Flowering Daylily—Hardy Funkia

## PLANT PERENNIALS FOR MASS EFFECT

Perennials should always be planted in groups of three or more for best color effect. Two dozen plants, one of a kind, planted in a bed will not produce nearly the effect that two dozen plants, four or six of a kind, will produce.

## DELPHINIUM For Bedding or Cutting

A favorite wherever flowers are grown. Their long blue spikes provide just the touch of color needed to make a charming planting. We can furnish in light or dark blue. Grow about 3 feet tall. 35c each; 4 for \$1.00, postpaid.

Lovely Bed Using Delphinium as Background

Delphinium  
Dark Blue Light Blue

Beautiful Old-Fashioned Canterbury Bells

## CANTERBURY BELLS

FAVORITE OLD-FASHIONED FLOWER  
AS GAY AND BEAUTIFUL AS EVER

Every Garden Needs a Few Clumps of Old-Fashioned Flowers

We know of no better ones to plant than these romantic Old-Fashioned Canterbury Bells.

They produce loads of deep bell-shaped blooms over a long period of time. Grow about 3 feet tall, making them ideal to plant in front of shrubs or along a fence

We offer these in nice two-year roots in mixed shades only.

**WILL BLOOM THIS YEAR**

**30c each; 5 for \$1.00, postpaid**

## "CRIMSON STAR" AQUILEGIA

MOST COLORFUL OF ALL COLUMBINES

Aquilegia, "Crimson Star"

Very scarce and so much in demand that many growers cannot keep up with the demand. Planted in groups they present a lovely sight when in full bloom. Grow about 2 feet tall. Rich dark crimson sepals and spurs, in wonderful contrast to the white petals—a combination of colors entirely new in Aquilegias. Flowers are extra large; plants are vigorous and free flowering. Beautiful in the garden or when cut. **45c each; 3 for \$1.00, postpaid.**

## ENGLISH VIOLETS

**IDEAL FOR EDGING**

Effective and beautiful for all types of borders or beds. Grows only 6 to 8 inches high. Broad, heavy foliage of deep green. Single flowers of purple-violet borne in profusion on graceful stems. Hardy and will thrive under most any conditions. For edging use, plant 8 inches apart. **Price, only 35c each; 5 for \$1.25; 10 for \$2.00, postpaid.**

[20]

## RED CORALBELL

HEUCHERA, Pluie de Feu

A real coral-red Coralbell. For bright spots of color in the border or rock garden this splendid Coralbell serves admirably. Stems are strong and stand erect. Flower spikes are large and color is really brilliant. Excellent for shady spots. Grows 18 to 24 inches tall.

Nice, 2-year plants:

**35c each; 3 for \$1.00, postpaid**

Red Coralbells

English Violet

## HARDY BLUE FLAX LINUM PERENNE

Every morning this fine plant presents you with an abundance of new blooms for cutting. Grows about 2 feet high and has feathery blue-green foliage. Truly sensational when used in bouquets with Painted Daisies, Shasta Daisies, Asters, Gypsophila, etc. May also be used as contrast blossoms with Lilies or Roses. Every garden should have a few of these plants. **2-yr., 35c each; 4 for \$1.00, postpaid.**

Linum Perenne—Hardy Blue Flax

## Beautiful PINK LYTHRUM

THE HARDY MORDEN STRAIN

A "DIFFERENT" PERENNIAL FOR YOUR BEDS OR BORDERS—HARDY—WILL BLOOM THIS YEAR

If you want a rather tall growing perennial that will provide a lot of bright pink color in your borders or beds during the hot months of July and August, then plant a clump of beautiful Lythrum plants. Reach a height of 3 to 4 feet. Matured plants form a clump which each year throws up a great number of willowy stems each of which terminates in a foot-long spike of bright pink blooms. Hardy, a rapid grower, and our 2-year transplanted plants will bloom this year. Don't fail to get some of these if you want good summer color in your garden.

**40c Each; 4 for \$1.50, Postpaid**

## NEW GIANT FLOWERING PEDIGREED HYBRID HARDY PRIMROSES

This new strain of Hardy Primroses is almost beyond the power of words to describe. Individual florets are as large as a half dollar—and several of them are grouped in each cluster. Color mixture is superb, including many of the new pastel shadings. This is the finest strain of Hardy Primrose we have ever seen and you will have to see them blooming on your own grounds to really appreciate just how spectacular they are. We thought so much of it that we paid nearly \$200 for our first thimbleful of seed, just to get a start of them. **We offer nice, 2-yr. plants in mixed colors only at 55c each; 3 for \$1.50; 10 for \$4.00, postpaid.**

Hardy Lythrum, "Morden Strain"

Giant Flowering Pedigreed Hybrid Hardy Primroses

We Offer Mixed Colors Only

Balloon Flower—Platycodon

# STURDY PERENNIALS FOR PERMANENT COLOR AND BEAUTY

WELL-ROOTED, 2-YR. FIELD GROWN PLANTS

**PLEASE NOTE:** Perennials, strawberries, and plants shipped from pots will not be sent until proper time for planting, when new growth has started. This will insure immediate and better results for the customer.

## BLUE PLATYCODON - Balloon Flower

Showy deep blue flowers from June to October. Buds resemble a small blown-up balloon, open into beautiful bell-shaped blooms of finest quality and texture. Grows to 2 feet and is fine for cutting. **35c each; 4 for \$1.00, postpaid.**

## HIBISCUS

Truly the "show-boy" of the perennials. Shoots start each year from the ground and grow to a height of 4 to 6 feet. They then bear great numbers of giant bell-shaped blooms measuring six inches or more across. Rich in color and hardy as an oak. Wonderful for background subjects or for an informal high summer hedge. **Nice 2-yr. roots, only 25c each; 5 for \$1.00, postpaid.**

Hibiscus—Mallow Marvel

FOR SHADED BEDS OR UNDER TREES

## USE PULMONARIA *HARDY DWARF PERENNIAL*

For those who want a plant which will do well in areas under trees or for beds in shaded areas, we believe that Pulmonaria will answer your needs. Grows only 8 to 12 inches high and foliage is very thick and ornamental. Leaves are bright green, oddly blotched with white. In the spring the whole bed is aglow with hundreds of small, bell-shaped, reddish lavender blooms. Excellent as ground cover, also as a dwarf edging plant. Stays green until frozen for winter, and comes out first thing in the spring, so there is only a short period when it is not effective.

**Heavy, 2-year plants: 35c each; 4 for \$1.00; 12 for \$2.50, postpaid.**

Pulmonaria. Note Oddly Marked Foliage. Fine for Shade

### PERENNIAL PLANTING DISTANCES

Perennials should be planted 18 inches apart as a general rule. Some large growing types may need to be planted slightly farther apart. For borders and edging with dwarf varieties you will want to plant 6 to 12 inches apart. We give the average matured height in the descriptions of all perennials so that you may find it easy to plan your plantings.

[24]

## TEUCRIUM

LOVELIEST OF BORDER OR DWARF HEDGING PLANTS . . . A PERENNIAL WHOSE FOLIAGE IS EVERGREEN ALMOST THE YEAR AROUND . . . NEEDS BUT LITTLE CARE OR SHEARING . . . THE IDEAL PLANT FOR EDGING A BED AS ILLUSTRATED AT RIGHT

Ideal for all edging work, or for low border hedges. Foliage is evergreen for ten months of the year and plants stay dwarf. Ten to fifteen inches is as high as they grow and an occasional very light trimming will hold their beautiful compact shape.

Hardy in all sections of the country and thrives in most any location. Ideal in front of low walls.

Should be planted 6 inches apart for a dense hedge. Note how effective Teucrium is when edging a perennial bed as illustrated.

Four or five plants planted in a group will make an ideal corner clump for a perennial bed or the corners of a Rose garden.

Don't fail to get some of these plants for that dwarf hedge you've wanted.

### TEUCRIUM PRICES

25c each; 10 for \$2.00; 25 for \$4.50;  
100 for \$16.00

Nice Heavy 2-Yr. Plants

PLANT TEUCRIUM 6 INCHES APART  
TO MAKE A DENSE LOW HEDGE . . .

## DAPHNE

### A HARDY PERENNIAL

Dwarf spreading plant with rather trailing branches, yet holding the form of a low mound. Small, slender foliage is densely placed and remains practically evergreen. The real thrill comes in April and May when the small, soft pink blooms appear in such profusion as to make the entire plant appear as a low pink mound. Has a particularly sweet and penetrating fragrance. Splendid plant to use in a rock located in semi-shade, or for use in front of taller growing perennial plants.

## THE LOVELY CAMPANULA BLUE GARDENIA

A HARDY PERENNIAL PLANT

This lovely Campanula adds a new note of loveliness to your perennial plantings. The plant is a rounded clump of wide-leaved grasslike foliage. In June stems up to 24 inches long grow up and along this stem beautiful Gardenia-like deep blue flowers open, as shown in the color photo at the right. Plant is hardy under all average conditions and, being a perennial, will continue to grow and bloom year after year. You'll like its cleanness of growth and adore its lovely blooms.

### NICE STURDY PLANTS

60c each; 3 for \$1.50;  
10 for \$4.00, postpaid

"Blue Gardenia"

# BEAUTIFUL ITEMS To Help You Make ATTRACTIVE HOME GROUNDS BITTERSWEET

## AMERICAN BITTERSWEET LOVED BY ALL

Widely used as a winter bouquet in the home. Handsome foliage and in fall has those large clusters of orange-crimson berries which it retains all winter. If given support will climb over most any surface. Grow your own Bittersweet.

Nice, heavy rooted, 3-yr. plants, 65c each; 3 for \$1.65.

## EVERGREEN BITTERSWEET (Euonymus)

Beautiful waxy dark green leaves and attractive orange-colored berries that stay on the vine all winter. Foliage is evergreen and the vine will cling to brick, stone or any kind of wall. May also be kept trimmed in pillar form for use at corners in foundation plantings. 2-year, 85c each; 3 for \$2.25.

(See page 49 for additional Vines.)

Pure Yellow Gaillardia, "Sun God"

Golden Yellow Achillea

## GAILLARDIA "SUN GOD"

One of the finest additions to the famous family of Gaillardias. Immense, rich golden yellow blooms on tall, erect stems about 24 inches long. Very hardy and thrives under adverse conditions. Blossoms freely over a long period, providing lots of color in the perennial bed or border. Fine cut flowers, keeping a long time.

**35c Each; 4 for \$1.25, Postpaid**

## GOLDEN ACHILLEA

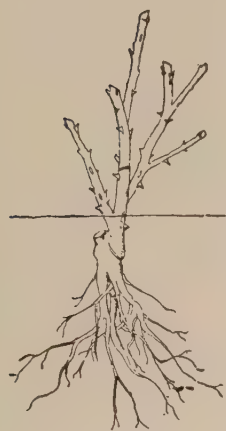

**FOR BRIGHT COLOR IN BACKGROUNDS  
OR AMONG SHRUBS IN THE BORDER . . .**

Very hardy and vigorous in growth. Reaches 4 to 5 feet in height and each plant throws up several stems, each of which is topped by large, flat, clustered bloom 4 to 5 inches across. Color is a brilliant yellow, making them very showy for background plants or in among shrubs in the border. Start blooming in June and continue through August into September. This long-blooming habit makes them especially valuable. 2-yr. roots, will bloom this summer, 45c each; 3 for \$1.00, postpaid.

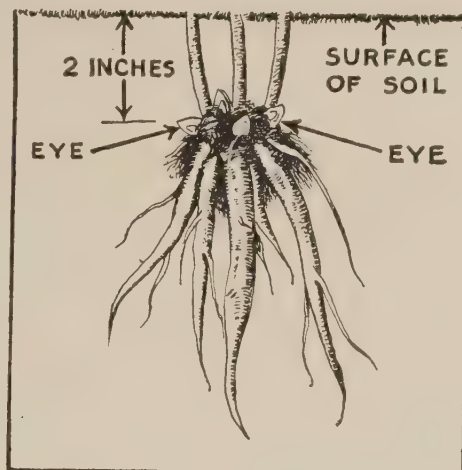

# CONSIDER THESE HELPFUL PLANTING DIAGRAMS

And Raise Better Plants of All Kinds—Correct Planting is Important

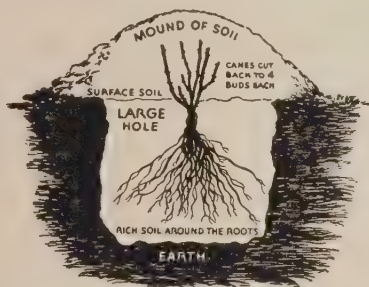

At left: A correctly planted and cut back Rose bush. Note bud joint  $1\frac{1}{2}$  inches below ground surface. Cut back at planting and each spring thereafter.

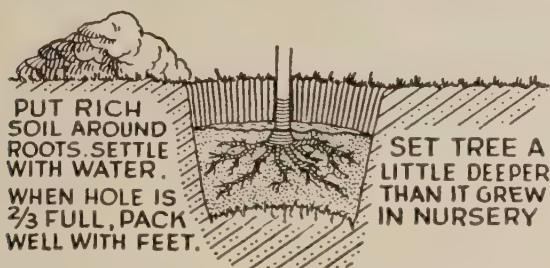

Plant all Peonies as shown in the drawing at left. This is very important as Peonies may never bloom if planted too deep. Soil must be well drained and fertile.

At right: Have hole large to avoid root crowding. Mound up soil for winter protection.

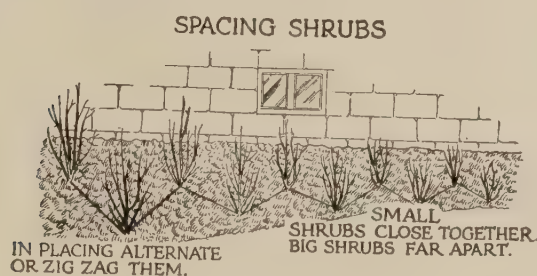

Plant all Perennials in rich, deeply spaded garden soil. Keep well but shallowly cultivated. Addition of fertilizer each spring helps promote better growth and blooms. Keep well watered.

Correct planting of trees and shrubs of all kinds. Keep well watered, especially first season. Fertilize each spring.

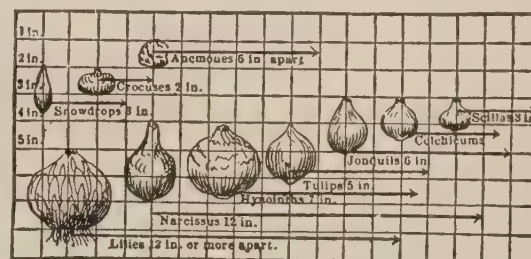

Correct planting depths for the various perennial root types.

PLANT THREE OR MORE OF A KIND TOGETHER.

Set large shrubs  $3\frac{1}{2}$  to 4 feet apart; medium growing 2 to 3 feet apart; and low growing  $1\frac{1}{2}$  to 2 feet apart. Keep oldest growth cut out and entire shrub shapely by yearly pruning.

Correct planting depths for bulbs of various types. Save for reference when planting this fall.

Plant Privet and similar hedge plants 10 inches apart; Barberry 18 inches; Spirea 18 inches; Honeysuckle 20 to 24 inches; and Evergreens and Chinese Elm 24 inches.

Correct Strawberry planting; crown at ground level; roots well spread.

**NOTE:** See page 57 for Boysenberries and Blueberries; page 62 for Raspberry and Blackberry culture.

Mrs. Scott-Elliott's Hybrid Aquilegia

# AQUILEGIA

MRS. SCOTT-ELLIOTT'S LONG-SPURRED HYBRIDS—AMERICA'S FAVORITE COLUMBINE . . . . .

One of the favorite plants with all lovers of beautiful perennials. Columbine seems to have an appeal all its own because of the lovely pastel shadings of color and the artful delicacy of its bloom form. Mrs. Scott-Elliott's Hybrids are recognized as being as fine as can be grown. They have marvelous color range and are noted for the long spurs on each bloom. **Being Hybrids we cannot ship by color**, but the mixture is well balanced and satisfactory. 2-year, field-grown plants.

"Harrington's Pink" Hardy Aster

## TWO BEAUTIFUL HARDY ASTERS "HARRINGTON'S PINK" NEW "VIOLETTA"

WILL BLOOM THIS YEAR

Without doubt the Harrington's Pink Aster has been one of the most beautiful new plants to be placed on the market. Its rich, clear pink color, good growing habits, hardiness and free blooming qualities have made it one of the largest sellers and most popular of perennial plants.

We have a nice stock of these in 2-year, field-grown plants and we know you will be pleased when they start blooming in your gardens late this summer when other blooms are scarce.

One of the **newest** hardy Asters and a mound of rich purple loveliness in late summer and fall when blooms are scarce on other plants. You'll love the profusion with which "Violetta" produces its colorful blooms. Sturdy and hardy, it will come up year after year and provide beauty in the perennial bed or bright contrast when planted in front of or among shrubs in the border. Two-Year Plants Which Will Bloom This Summer.

### DWARF PINK CREEPING PHLOX

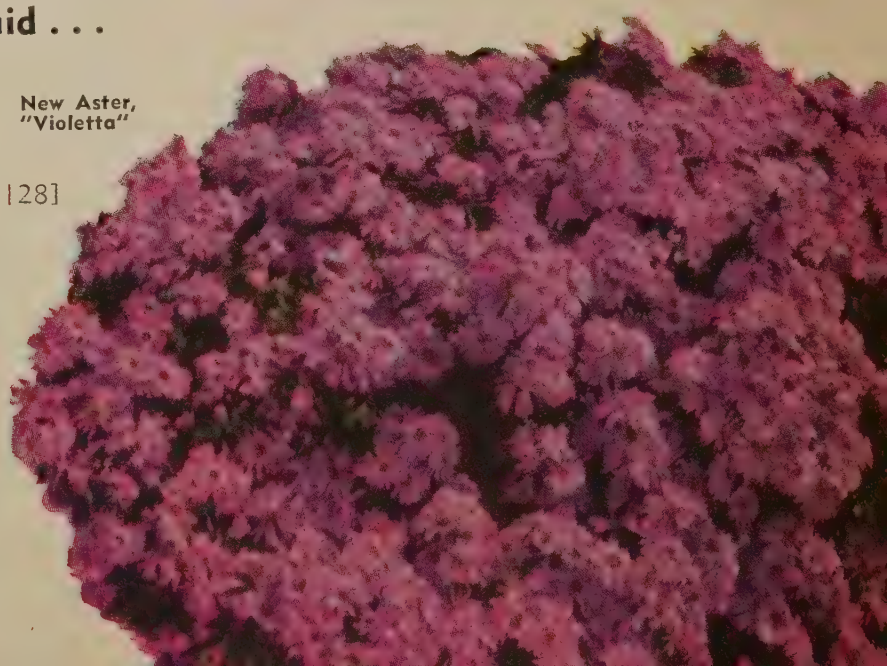

One of the most beautiful of the low creeping plants is Phlox Subulata. Use it liberally in those spots where no other plant seems to do well and you will be delighted with the results. It is hardy under most conditions and is a mass of color in early spring. Plant 1 foot apart each way to make dense ground cover in short time.

2-Year, Field-Grown Plants, 35c Each;  
4 for \$1.00; 12 for \$2.50, Postpaid . . .

# GIANT FLOWERING PACIFIC HYBRID DELPHINIUM . . .

Words cannot adequately describe the elegance and beauty of this marvelous new strain of Hybrid Delphinium. Giant stalks bearing flower spikes of enormous size. Individual florets are each perfect and exceptionally large, measuring as much as 2½ inches across. The colorings will thrill you. **Being Hybrids we cannot ship plants by color or guarantee what shade the plant will bloom, but they run the range of blues, lavenders and mixed shades.**

Some have outer petals of blue with inner petals of soft orchid.

Plant 12 to 18 inches apart in good garden soil. Keep well watered and fertilized with frequent shallow cultivation.

## PACIFIC HYBRID DELPHINIUM PRICES MIXED COLORS ONLY

12 for \$3.00; 8 for \$2.25;  
4 for \$1.25; 35c each.

● THESE PLANTS WILL  
BLOOM THIS SUMMER ●

Branch  
of Hansen's  
Bush Cherry

# HANSEN'S Famous BUSH CHERRY

An ornamental shrub producing delicious fruit; easy to grow; perfectly hardy anywhere. The result of over thirty years' research and selection work by Prof. N. E. Hansen of South Dakota State College. A shrub which is very effective in any landscape planting and which bears delicious fruit of good size and excellent flavor. Starts to bear the year after planting and continues year after year. Makes superb jam, or clear, sparkling jelly. Don't neglect getting a few of them to add to your plantings. They always retain their dwarf stature. Heavy, 2-year size. **Price: 60c each; 3 for \$1.50.**

## THREE FINE LILACS

### Old-Fashioned Purple Lilac

No other shrub has quite the place in the hearts of people that the old-fashioned Lilac has. Grows anywhere and its masses of light purple bloom in early spring are a constant delight. Fine for tall hedges, screens or specimens. No grounds complete without this fine old shrub. Grows to 10 to 12 feet tall. **50c each; 3 for \$1.25.**

### HUNGARIAN LILAC

(Lilac Villosa)

Leaves twice the size of regular Lilac. Dark green and waxy. Blooms about 30 days after other Lilacs have finished. An excellent variety to add to your plantings to prolong the blooming season. Heavy 2-year size. **60c each; 3 for \$1.50.**

### PERSIAN LILAC

If you love the fragrance and loveliness of blooms of the Lilacs, then you will want to add the Persian variety to your plantings. Its lacy, pinkish lavender panicles come along after the Old-Fashioned Purple Lilac has finished blooming. Thus the season of Lilacs is greatly prolonged. Mature plants are somewhat finer in branch texture than other Lilacs and foliage is bright green and ornamental all season. Grows readily in average soil and may be kept in bounds by trimming when desired size is reached. **Nice 2-yr. plants: 75c each; 3 for \$2.00.**

Always Popular and Always Lovely  
Old-Fashioned Purple Lilac

### Deutzia, Pride of Rochester

The most popular and hardy of the Deutzias. Grows from 6 to 8 feet in height, and its mass of pinkish white bloom in June is a joy to all beholding it. Does well in any type of soil and for specimen or mass planting it is indispensable. **50c each; 3 for \$1.25.**

Persian Lilac

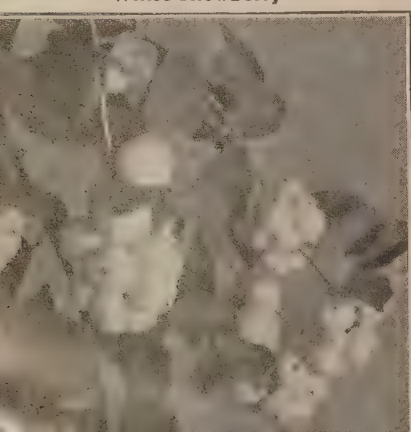

### NOTICE:

Due to State Quarantine Laws we cannot ship Hansen's Bush Cherry into the following states: California, Oregon, Washington, Colorado, Montana, Utah, Arizona, Nevada and Florida.

### NEW RED CORALBERRY

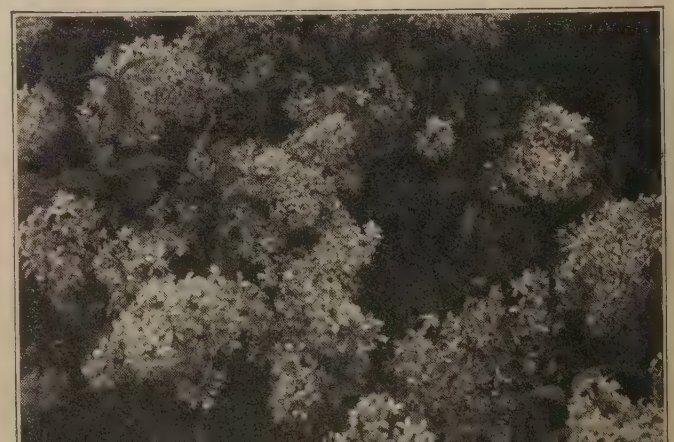

This is the greatest shrub for shady places that we have ever seen. Grows to a height of 5 feet with gracefully arching branches and lacy foliage. Blooms are followed in fall by glowing red berries, twice the size of the old Indian Currant and as red as those of the High Bush Cranberry. Don't fail to get some of these shrubs for shady locations. **2-yr. shrubs: 50c each; 3 for \$1.25.**

White Snowberry

### WHITE SNOWBERRY

Diminutive rose-colored flowers in June and July followed by clustered milk-white fruits which remain far into the winter. Bush is compact in form with numerous slender branches. Can be used in small groups or large masses. Due to its dwarf habit it is valuable for foregrounds in shrub plantings. Grows about 30 inches high. **2-yr. shrubs: 50c each; 3 for \$1.25.**

Barberry Makes a Beautiful Hedge. Effectively Wards Off Trespassers Too

# Sturdy Varieties of HARDY HEDGE Plants

## HARDY AMOOR RIVER PRIVET

Most universally planted of all hedges. Shiny dark green leaves, not subject to blight or disease. Very hardy, a rapid grower. May be sheared any shape. Plant 10 inches apart and prune back to 8 to 10 inches after planting for a dense hedge. 2-yr., well branched, 15 to 18 in., 25 for \$3.50; 50 for \$6.50; 100 for \$12.50.

## GREEN-LEAVED BARBERRY

America's most popular low-growing hedge. Bright green leaves turn to dazzling shades of red, gold and bronze in the fall. Brilliant red berries in great numbers stay on through the winter months. Perfectly hardy and will grow in shade or on poor soil. May be pruned or sheared any time. 9 to 12 in., 25 for \$1.50; 100 for \$5.00. 12 to 15 in., 25 for \$3.00; 100 for \$10.00.

## SPIREA VAN HOUTTEI HEDGE

The most popular of all shrubs. Profuse clusters of tiny white blooms completely cover the sweeping branches in May. Delicately cut leaves stay bright green until autumn, then turn to bright shades of bronze and yellow. Grows to 6 feet, but may be pruned any time after blooming period. Makes a beautiful flowering hedge. 2-yr., 12 to 18 in., 25 for \$3.50; 100 for \$12.50.

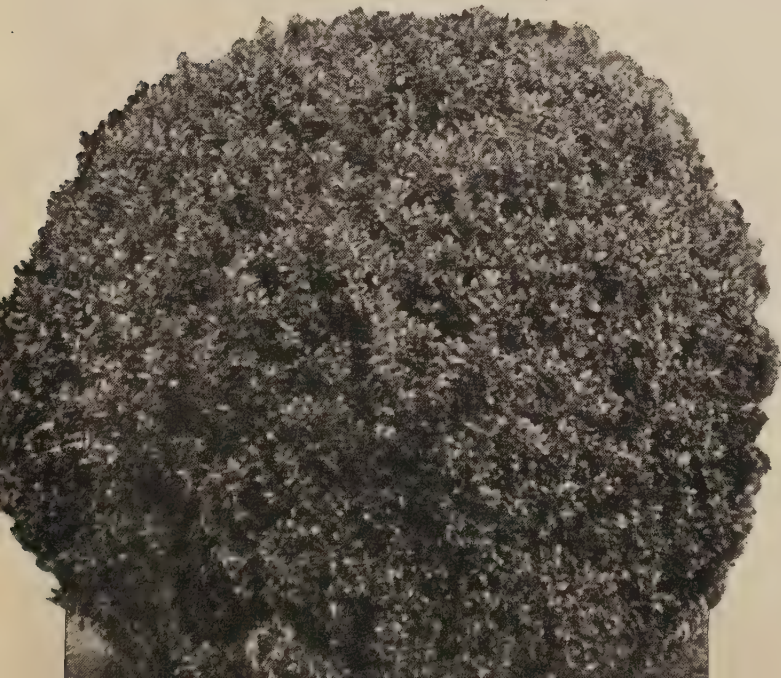

## DWARF HARDY BOXWOOD FOR DWARF EVERGREEN HEDGES

No doubt you have at various times admired the dwarf Boxwood hedges used so much for garden outlines on large estates. Most of the earlier Boxwood in this country came from England and later was much used in Virginia, New Jersey and other eastern states.

We have grown quite a nice stock of these plants which have proven entirely hardy in Northern Indiana and now offer them to our customers at a reasonable price. In extreme northern sections they should be given some winter protection.

(Note: For close hedges, plant 6 to 8 inches apart. For bed outlining plant 1 foot apart. Will eventually reach 2 to 3 feet high unless severely sheared and kept low.)

6-yr., 6 to 8 inch plants: 45c each;  
10 for \$3.50; 25 for \$7.50; 100 for \$25.00

Dayton, O.,  
Mar. 16, 1946.  
Krider Nurseries, Inc.,  
Middlebury, Ind.

Gentlemen:

We received our Roses "3-Festival", quite a few days ago and they are doing fine.

Thanks for prompt service.  
E. P.

## BUSH HONEYSUCKLE FOR HEDGE

No hardier plant can be found than the Bush Honeysuckle. Grows to a height of 8 to 10 feet, with upright and somewhat spreading branches. Foliage is bright green and flowers are borne freely in May and June. Very fragrant and attracts bees and humming birds. Showy red berries ripen in summer and cling to the bush for many weeks. The best shrub in our nursery for a high, compact hedge, for screening purposes, or to attract birds. 2-yr., 18 to 24 in., 25 for \$3.50; 100 for \$12.50.

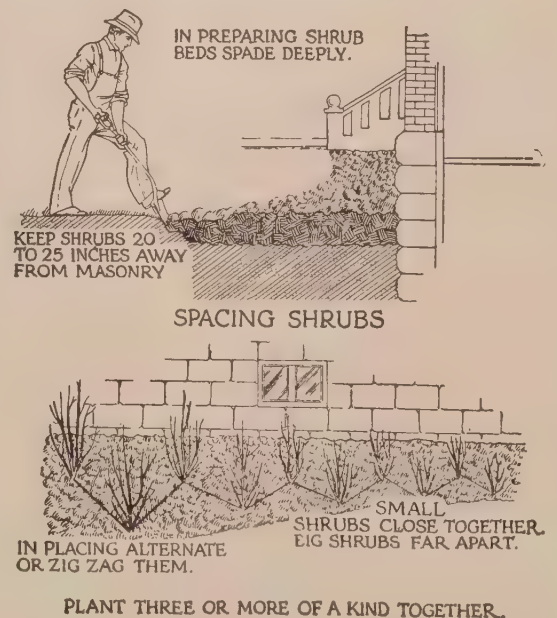

### PLANTING AND GROWING HEDGES

Beautiful hedges are easily grown if a few simple instructions are observed. Dig a trench 10 to 12 inches deep and the width of a spade. Set the plants a couple of inches deeper than they stood in the nursery. This insures a dense hedge at the base. Privet should be set 10 inches apart, Barberry about 18 inches. Shrubs such as Spirea 18 inches, Chinese Elm 2 feet, and Evergreens 2 to 3 feet. Spacing may be varied depending upon the density desired. After spacing plants, fill in about one-half of the depth of the trench, then flood with water. After settling fill in balance of the trench and tramp firmly. Leave a slight depression along each side of the hedge to retain water. Keep thoroughly soaked until well started. Privet should be cut back to about 8 to 10 inches after planting to promote vigorous growth. Hedges planted in this manner rarely fail to grow.

### PLANTING DISTANCES FOR VARIOUS SHRUBS . . . . .

Large growing shrubs should be planted 4 to 5 feet apart in shrub borders. Dwarf trees about 8 to 10 feet apart. Medium growing shrubs 2 to 3 feet apart and low growing varieties, 1 1/2 to 2 1/2 feet apart.

Mature Tartarian Honeysuckle

# IMPROVE YOUR GROUNDS WITH THESE STURDY, ECONOMICAL HARDY SHRUBS

All Are Nice, 2-Year, Field Grown,  
Blooming Size

## Bush or Tartarian HONEYSUCKLE

For a tall hedge or to screen an unsightly view there is no shrub so valuable. Will grow to the height of 10 to 12 feet in a few years. A beautiful shrub both summer and winter. Is the first to clothe itself with leaves in the spring, and its fragrant flowers and luxuriant foliage are a constant delight. Bright red berries cling to the bush all through the winter, giving a brilliant touch of color to the winter landscape. **50c each; 3 for \$1.25.**

## FAMOUS HYDRANGEA P. G.

Flowers in August with huge panicles measuring from 8 to 12 inches long. Blossoms are first a delicate shade of pink gradually changing to bronze in early autumn. **2-yr. blooming size: 60c each; 3 for \$1.50.**

Hydrangea P. G.

## BEAUTIFUL SPIREAS

### SPIREA VAN HOUTTEI

Without doubt one of the most useful and most widely used shrubs in cultivation. Blooming in April and May, the plant throws out long branches that curve and droop to the ground, weighted with a mass of pure white flowers that suggest a fountain of snow. May be used for specimens, massed, or for hedges. Will grow to 8 feet high if untrimmed. **50c each; 3 for \$1.25.**

### SPIREA FROEBELI—Red Foliage in Spring

Large flat clusters of deep pink flowers nearly all summer make this variety especially good for nearly all plantings. Dwarf in habit and fine for inner border work. Will get about 30 inches high. **50c each; 3 for \$1.25.**

### SPIREA DWARF NINEBARK

Semi-dwarf and very thick and bushy in growth, attractive light brown bark, creamy white bloom. Very good for informal hedges or low borders. Reaches 30 inches in height. **50c each; 3 for \$1.25.**

Mature Spirea Van Houttei

## SNOW GARLAND SPIREA

One of the finest of the early flowering shrubs. Blooms just as the leaves appear. Entire bush becomes a mass of tiny white flowers. Foliage is cut-leaved, lacy and very ornamental in summer. In fall, after the first frost, it flames brilliantly into shades of red, gold and bronze. Perfectly hardy and thrives under average conditions. Grows to about 4 or 5 feet tall, making it a valuable addition to the list of medium sized shrubs. **50c each; 3 for \$1.25.**

## SPECIAL ON SPIREA VAN HOUTTEI FOR BORDERS OR LARGE PLANTINGS . .

**25**

A real value in America's most popular shrub. These are ideal for hedging or for planting a Spirea border. Also fine for foundation planting. **18- to 24-inch plants.**

[10 Plants for \$2.00]

ORDER ONLY IN LOTS OF 10 OR 25

**\$3.50**

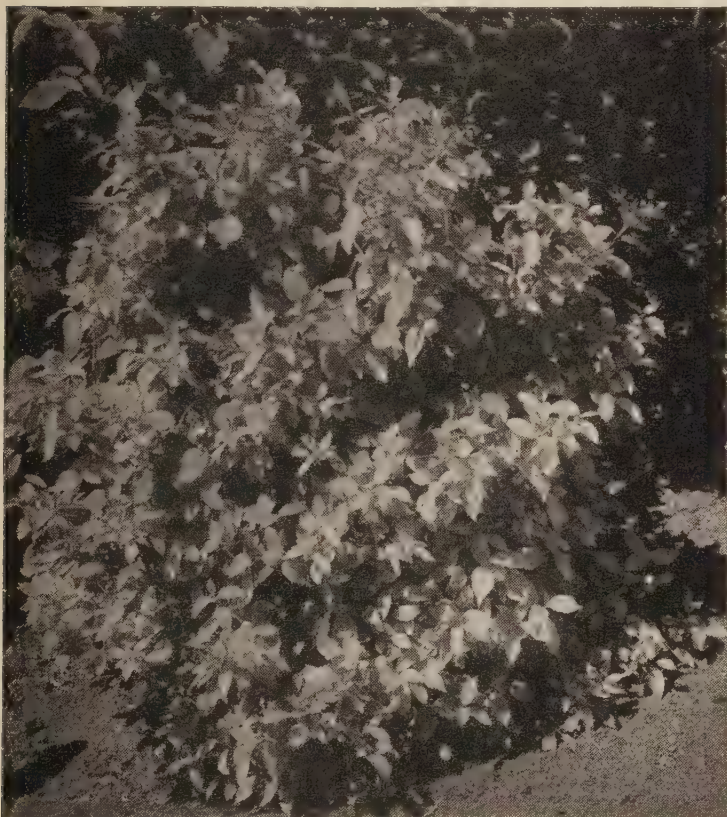

# OUTSTANDING FINE VARIETIES OF HARDY FLOWERING SHRUBS For HOME LANDSCAPING

2-Yr., Field Grown, Blooming Size

DOUBLE FLOWERING

## VIRGINAL MOCK ORANGE

Bloom throughout the season. Without question one of the most beautiful of the shrubs. Single flowers on one-year wood; double flowers on two-year wood. Grows 6 to 8 feet in height and is a valuable addition to any shrub group. Blooms with single flowers on new growth all summer. **2-yr., blooming size plants: 75c each; 3 for \$2.00.**

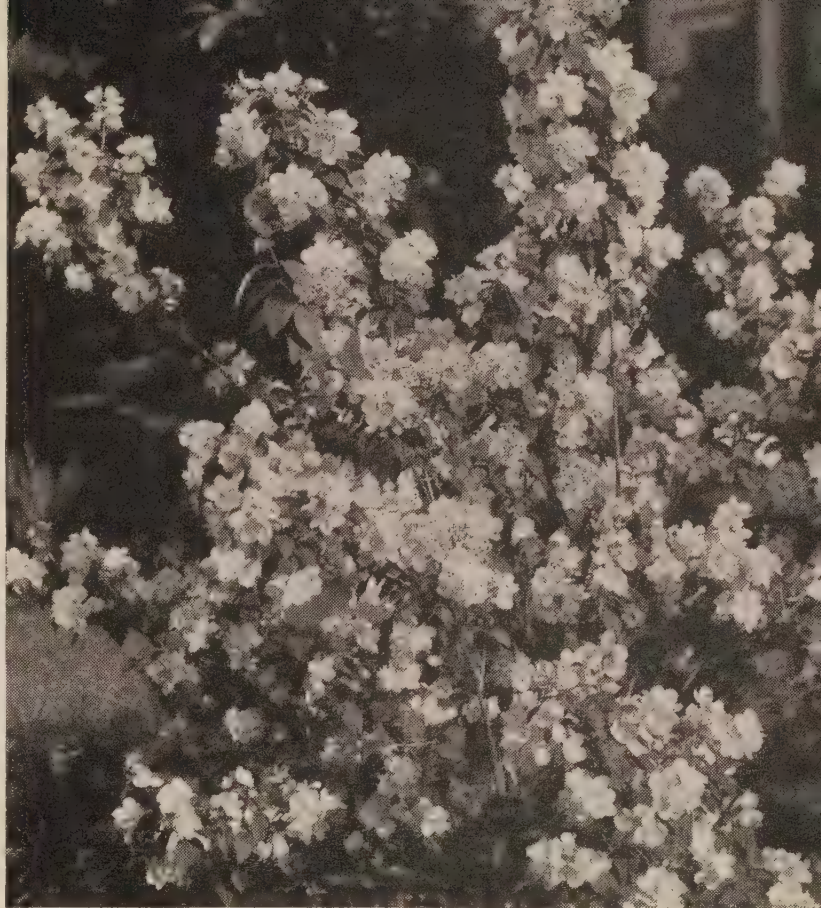

Colorful Golden Leaved Philadelphus

## DWARF GOLDEN-LEAVED PHILADELPHUS

FOR HIGHLY CONTRASTING AND  
COLORFUL FOLIAGE EFFECTS

Beautiful bright golden leaves all summer long. White blooms in spring. If you want a bright colorful shrub to use in front of other plantings or to plant a clump of three on each side of a walk, this one is ideal. Grows only about 2 feet high at maturity. May be kept trimmed into a golden ball if desired. We offer nice three-year plants running about 8 to 12 inches high. Must be planted in sun to retain its bright color.

**2-year, 8- to 12-in. plants:  
75c each; 3 for \$2.00; 10 for \$6.00**

Double-Flowering Virginal Mock Orange

## BEAUTY BUSH

(*Kolkwitzia Amabilis*)

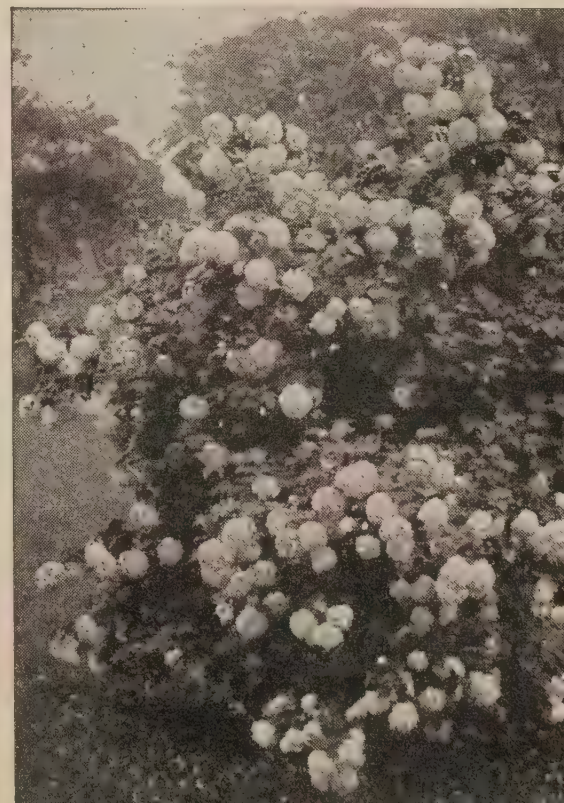

Charming new shrub recently introduced from China. Center stems are upright, the outer branches gracefully arching. Very attractive foliage. Blooms profusely in June. Flowers are bell-shaped, pale pink with orange veins, and are borne in long clusters along the branches. Does well in shade and grows rapidly. **Nice, 2-yr. plants, 75c each; 3 for \$2.00.**

## SNOWBALL

(*Viburnum Opulus Sterile*)

Always a favorite shrub. Bears masses of large, white, ball-shaped blooms in late May or early June. Grows 8 to 10 feet high, which makes it valuable for use in a shrub border. Also much used for specimen planting on the lawn. Foliage is dark green, leathery in texture and ornamental. **2-yr., blooming size plants: 75c each; 3 for \$2.00.**

Snowball—*Viburnum Opulus Sterile*

"Blue Bird" Veronica

## "BLUEBIRD" VERONICA

This beautiful plant has long, slender, bronze-green leaves and carries a great quantity of indigo-blue flowers formed as curved spikes. Be sure to include this in your garden. Blooms continually from July to October. A real value at this low price. Grows about 2 feet tall.

**Nice Field-Grown Plants—Will Bloom This Year**  
**40c Each; 4 for \$1.25, Postpaid**

Bleeding Heart Bloom

## HARDY CARNATION "BLACK KNIGHT"

Bright satiny blackish red color, exquisite fragrance and general hardiness make this beautiful Carnation a necessity in every garden. Grows 12 to 15 inches high and blooms all through the summer. Flowers are 90 per cent double, although a plant will throw a single bloom now and then.

**Field-Grown Plants**  
**Will Bloom This Year**  
**35c Each; 3 for \$1.00;**  
**12 for \$2.75, Postpaid**

Carnation, "Black Knight"

Regal Lily

## HIGHEST QUALITY REGAL LILY BULBS

One of the best known and best loved Lilies. Tall stems, each bearing a number of long trumpet-shaped blooms. Pearly white inside, while outside of trumpet is a deep rosy pink. Very hardy, easily grown and an assured bloomer. Exceptionally fine for massed plantings. Nice large bulbs for bloom this year.

**35c Each; 10 for \$3.00, Postpaid**

## Genuine Old-Fashioned BLEEDING HEART

Beloved by all. One of the most delightful of the spring-flowering plants. Bears numerous rosy red, heart-shaped flowers pendent on long arching stems. Grows to a height of 2 feet. It was a favorite in grandmother's day and is still good. Don't fail to get it at this price.

**2-Yr. Roots, 55c Each; 3 for \$1.50**  
**Postpaid**

# BEAUTIFUL, NEW, DOUBLE FLOWERING DAISY "MT. SHASTA"

A wonderful NEW Daisy to add glory to your gardens. Large pure white blooms with a high tufted center which resembles tightly clipped needlework. Plant is very hardy and produces an abundance of beautiful blooms over a long season. Tough, wiry stems make it fine for cutting and the flowers are lovely in all floral arrangements. Plant liberally of this splendid new pure white double Daisy and have a beautiful display in your beds plus plenty of blooms for indoor bouquets. Florists have gladly paid \$2.00 per dozen for these blooms to make artistic wedding arrangements. Long stems add to their value.

**NICE STURDY PLANTS  
WILL BLOOM THIS YEAR  
50c Each; 3 for \$1.25**

## **HARDY CARNATION "TRIUMPH ROSE"**

One of the most exquisite in color and fragrance of all the hardy Carnations. A good grower and produces blooms freely from early summer until freezing weather. Stems 12 to 15 inches long make them ideal for cutting. Large, double, Carnation blooms of clear rosy pink color and exotic fragrance.

**FIELD-GROWN PLANTS  
WILL BLOOM THIS YEAR  
35c Each; 3 for \$1.00;  
12 for \$2.75, Postpaid**

Pink Hardy Carnation,  
"Triumph Rose"

New Double Daisy, "Mt. Shasta"

## **EUPHORBIA (Evergreen Flowering Spurge)**

One of the few dwarf plants with almost evergreen foliage. Extremely desirable for edging or low hedges. Grows only 1 foot high except at blooming time when flower stems 16 inches long grow up. Brilliant lemon-yellow blooms appear freely during early summer. Balance of year the foliage is very ornamental. 35c each; 4 for \$1.00, postpaid.

Euphorbia Plant

## **IRIS "SHILKA"**

### **"The Poor Man's Orchid"**

A lovely Iris to beautify your gardens! Discovered by Prof. Hansen in the cold sections of Siberia, near the town of Shilka. Extremely hardy and blooms are oddly shaped, as shown in photo at the left. Color a delicate orchid. In fact, it has been called "the poor man's Orchid." A real beauty and one no flower lover will want to be without.

Beautiful Iris, "Shilka"—  
"The Poor Man's Orchid"

Ginkgo or Maidenhair Tree

# FLOWERING AND ORNAMENTAL TREES

MAKE ATTRACTIVE HOME GROUNDS

## GINKGO OR MAIDENHAIR TREE

THE OLDEST TREE KNOWN TO MAN

Records show this to be the only tree that is mentioned in the ancient writings of Confucius. Beautiful, finely cut foliage and erect, graceful habit of growth make it desirable. A mature specimen is almost priceless. Perfectly hardy anywhere. Drops all of its leaves within a few hours after the first one drops in the fall. **3 to 5 ft. trees: \$2.50 each; 2 for \$4.50.**

Huntington, N. Y.,  
May 4, 1946.

Krider Nurseries, Inc.,  
Middlebury, Ind.

Gentlemen: Received my shrubs in perfect condition and they are all growing nicely. I am very satisfied.  
A. C.

## ACER GINNALA FOR BRILLIANT FALL COLOR

Dwarf shrublike tree maturing to only 6 to 8 feet. Leaves resemble the Maple in size and shape. Very ornamental and foliage colors brilliantly in fall. Much used for informal hedges. **2-ft. plants, \$1.00 each; 3 for \$2.50.**

## CORKSCREW WILLOW

If you are looking for something distinctly "different" and novel in trees, you will not be disappointed in this "Corkscrew" Willow. Same easy growing habit and same type of foliage and growth as the Weeping Willow, but instead of hanging straight down the branches grow in spiral shape like a corkscrew. Trees grow shapely but present an odd appearance with their "screwy" branches. **Heavy rooted 3- to 4-ft. trees, \$1.35 each; 2 for \$2.50.**

Rose Tree of China

## ROSE TREE OF CHINA PRUNUS TRILOBA.

Wonderful dwarf variety of the flowering family. Blooms early in the spring before the leaves appear. The small tree seems decked with garlands of double flowers, pink in color. Very good for the border or for specimens. Grows 8 feet high. **Heavy rooted, 2- to 3-ft. trees, only \$1.00 each; 2 for \$1.75.**

### NOTE BEFORE ORDERING ROSE TREE OF CHINA

The above-named tree cannot be shipped into the following States: California, Washington, Oregon, Colorado, Montana, Nevada, Utah, Arizona and Florida.

## TULIP TREE

THE STATE TREE OF INDIANA

One of the loveliest of our native trees, and the State Tree of Indiana. Tall growing, of shapely habit, and its large irregular leaves make it ideal for quick shade. Bears numerous Tulip-like flowers in spring. Blooms are yellow, marked at inside base with orange. **5- to 6-ft. trees, \$1.50 each; 2 for \$2.75.**

Cedar Rapids, Iowa,  
May 8, 1946.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Received plants all in good shape and planted. Thank you for your prompt and courteous service.

E. J. S.

Tulip Tree

# SHADE TREES

*Hardy, Long-Lived — Will Add Permanent Value to Property*

## NORWAY MAPLE

This is an exceptionally fine, hardy, large-leaved shade tree. Noted for its resistance to disease and for its long life. **Nicely branched, heavy rooted trees, 6 to 8 ft. tall, only \$2.25 each; 4 for \$8.00.**

## SCHWEDLER'S RED MAPLE

Noted for its beautiful foliage. Comes out a rich ruby-red in spring, gradually changes to purplish green, then in fall colors to bright shades of red and purple. Habit of growth similar to Norway. One of the finest Maples for shade. **6- to 8-ft. trees, \$3.00 each; 4 for \$10.00.**

## SILVER MAPLE

The fastest growing of the Maples. Much used for street planting because they make a good, quick shade. Foliage of a light green, silvery on the under side and slightly cut-leaved. Color beautifully in the fall. Not as long lived as the Schwedler's or Norway Maples, but will grow quickly and provide good shade for the ordinary lifetime. **Nice, 6- to 8-ft. trees, \$2.00 each; 4 for \$6.50.**

## CUT-LEAVED WEEPING BIRCH

No other tree occupies quite the place in the hearts of home builders that this graceful tree does. Its white bark, pendulous branches, delicate green foliage, deeply cut leaves, endear it to all who want a tree both for shade and ornament. A beautiful effect is created by planting three of them as a triangle, about 20 feet apart. **Nice, straight, 5- to 6-ft. trees, \$3.00 each; 2 for \$5.50.**

Lombardy Poplar

## WEeping WILLOW

The well known graceful Weeping Willow whose long drooping branches, densely covered with fresh green leaves, make it one of the best loved trees. Very rapid grower. **4- to 6-ft. trees, \$1.00 each; 2 for \$1.75.**

## CHINESE ELM

**For Quick Shade**

The fastest growing shade tree known today. It is much used in the arid sections of the west because of its extreme hardiness and the ease with which it can be grown. Equally valuable for windbreaks or for specimen planting. May also be planted 18 inches apart and kept sheared for hedging. **6- to 7-ft. trees, \$1.50 each; 2 for \$2.75.**

## LOMBARDY POPLAR

Tall, slender growing tree for formal planting. Rapid grower and at a distance the mature trees appear as tall sentinels. Dark green leaves, lighter shade on the under side. The roots of the Lombardy Poplar will not grow into and clog sewers, etc., as did the old Carolina Poplar. **6- to 8-ft. trees, \$1.00 each; 10 for \$6.00.**

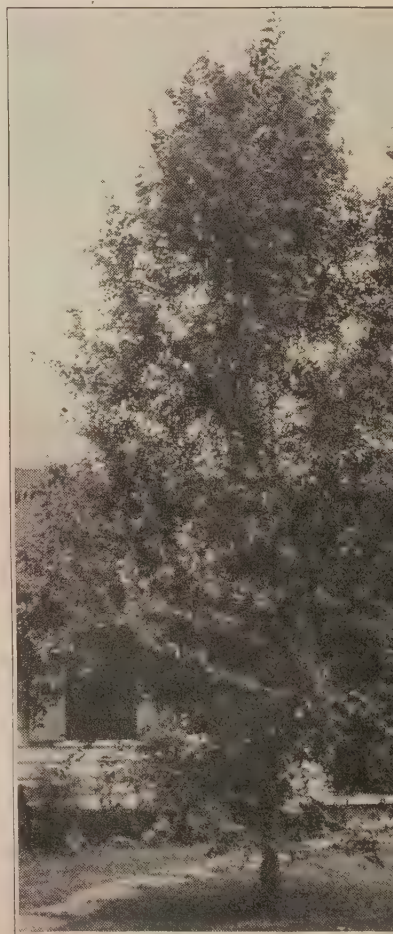

### SPECIAL! LOMBARDY POPLARS FOR BACKGROUNDS, SCREENS, WINDBREAKS—

For screening purposes we offer a 4- to 5-ft. grade in Lombardy Poplars. Plant them 5 to 6 feet apart. A real value at this low price.

**10** Trees as Described **\$350**

Chinese Elm

# GLADIOLUS BULBS

WE OFFER THESE SPLENDID GROUPS

## GROUP ONE—

NINE EXCELLENT AND COLORFUL VARIETIES—WHY PAY HIGH MARKET PRICES WHEN YOU CAN SO EASILY GROW THEM?

These are first class, healthy bulbs, large size for bloom this summer. Not bulblets or "seconds."

**PEGGY LOU.** Sparkling deep pink.

**FLAMING SWORD.** Brilliant flaming red.

**VIRGINIA SKELLEY.** Light shimmering pink.

**GOLDEN EAGLE.** Shining yellow of new gold.

**PEARL HARBOR.** Splendid clean white.

**PELEGRINA.** Satiny purplish blue.

**PICARDY.** Rich warm apricot shades.

**TOKEN.** Deep rose-pink. Silver stripe.

**DR. BENNETT.** Deep glossy dark red.

**72**

8 of each, or your choice of the 9 varieties listed above, postpaid for . . .

**\$4.75**

## GROUP TWO—

For those who cannot use as many bulbs as listed in Offer One above, we make this offer.

Four of each of the nine varieties described. Enough to make a bright and colorful small bed and provide plenty of blooms for bouquets.

**36**

As Given Above. Postpaid for Only . . . . .

**\$2.60**

## GROUP THREE—

If you do not care to have the Gladiolus in named varieties, but want a planting of mixed colors which will light up your whole garden and give plenty of flowers for cutting, we offer this splendid collection of mixed bulbs. All are first class, healthy bulbs, which will produce abundant bloom this summer, and make a gorgeous display.

**50**

Mixed bulbs as described above. Postpaid for only 25 MIXED BULBS, \$1.50.

**\$2.50**

## Old Fashioned SWEET WILLIAMS

One of the best loved old-fashioned flowers. No garden is complete without a few of these plants. Very easy to grow and sure prolific bloomers. Will add much color and charm to the beds or border. We offer heavy rooted plants, in mixed colors only, which will bloom this summer. Grow about 2 ft. tall.

NICE PLANTS FOR BLOOM THIS YEAR

**5 for \$1.00; 10 for \$1.75, postpaid**

## GOLDEN HELIOPSIS (Incomparabilis)

For rich golden color in the perennial bed we know of no other flower which will be more satisfactory. Perfectly hardy, it comes up year after year. This variety is extremely large flowering and the deep golden blooms are borne in abundance on 18- to 24-inch stems. Excellent for cutting, keeping for a long time in floral arrangements. Plant in groups of three or more for bright masses of color in beds. Nice 2-Year Plants Which Will Bloom This Year. **65c each; 3 for \$1.75, postpaid.**

"Picardy"—The Supreme Glad

**Plant This Spring for Blooms This Summer**

Colorful Old-Fashioned Sweet Williams

Golden Heliopsis

# The World's Most Fragrant Hardy Flowering Shrub

## VIBURNUM BURKWOODI

GARDENIA-SCENTED WONDER SHRUB

### Semi-dwarf—Thrives in Partial Shade

This grafted variety brings you the hardiness, rapid growth, beautiful fluted foliage and general dependability of the family plus a new loveliness of bloom. Large, ball-like masses of waxen creamy white have a rich Gardenia fragrance. In the dusk of evening the perfume will envelop the whole lawn. Plant is semi-dwarf, seldom over 5 feet when matured. Foliage colors richly in fall. **\$1.00 each; 3 for \$2.50.**

## THREE FAVORITE BUDDLEIAS MANY TIMES REFERRED TO AS "SUMMER LILACS"

### ROYAL RED PLANT PAT. APPLIED FOR

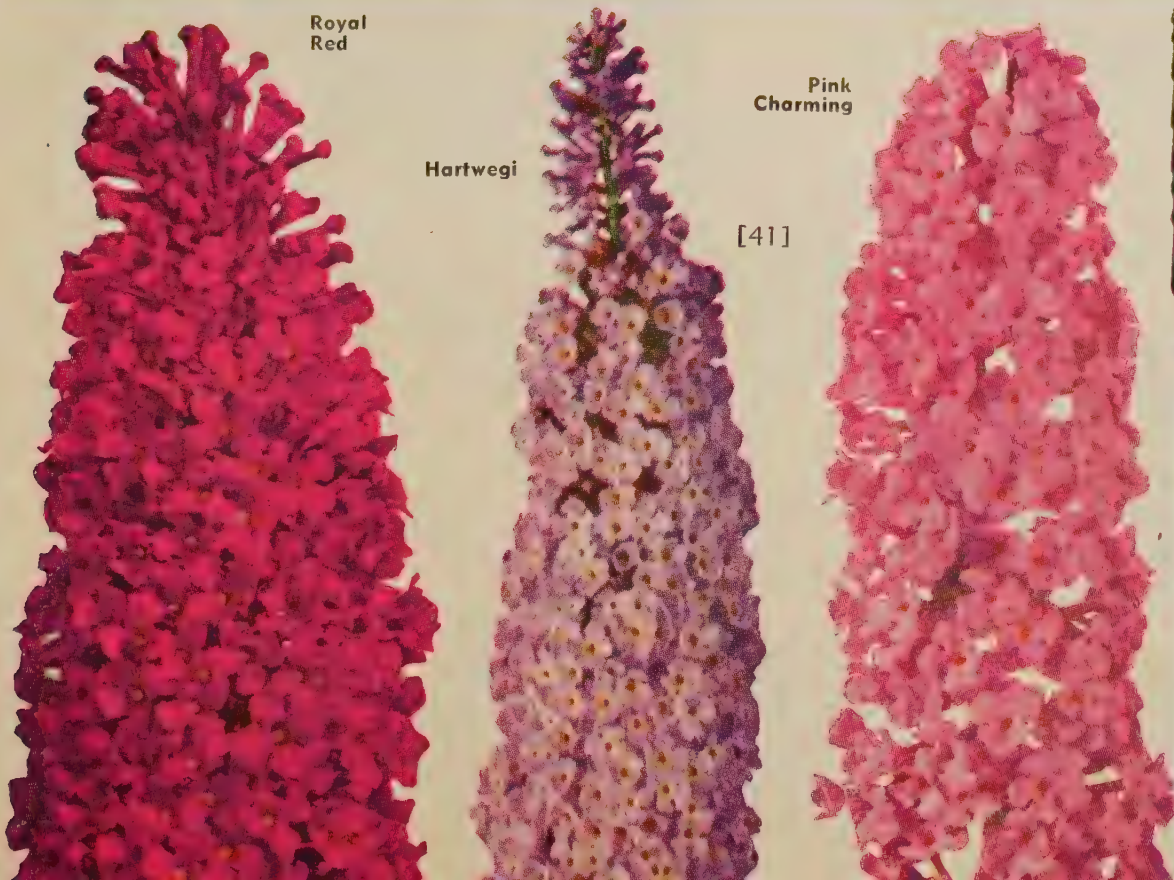

The reddest Buddleia to date. It will surprise you with the great number of shoots it throws up to a height of 5 feet, each tipped with a 15- to 18-inch long spike of glistening, satiny, purplish red. A brilliant variety for cutting. All of the three Buddleias described will bloom this year. **75c each; 3 for \$2.00, postpaid.**

### HARTWEGI

Lately introduced, has quickly proved its hardiness and beauty. Bush is of compact habit. Foliage very heavy and of superb dark green. Flower sprays are borne on every branch, and are large and well shaped. Color a pleasing bright lavender with each tiny floret having a distinct orange eye. Excellent for cutting. **60c each, postpaid.**

### PINK CHARMING

This exotic Buddleia is indeed a Pink Charming. Extra long flower panicles, many measure 15 to 18 inches long, full and tapering perfectly toward the tip. Plant is hardy and foliage of clear green, blends with any background. Like all the Buddleias, new shoots come up from the ground each spring. The old wood dies back during the winter and should be pruned out as soon as new growth starts. **60c each, postpaid.**

### NOTE

Buddleias are like perennials in that they freeze back to the ground each winter in northern climates. Each spring they throw up new canes to a height of 6 feet or more, and bloom heavily during the late summer months. Each spring old canes should be cut off at ground level.

### SPECIAL BUDDLEIA COLLECTION

French Pussy Willow

## WHITE FLOWERING DOGWOOD

Our most beautiful native flowering tree. The leaves are oval, bright green, and turn to shades of red in the fall. Early in spring the large white Dogwood blossoms come and present a sight to please the most exacting. **Heavy rooted, 1½- to 2-ft. trees, only 75c each; 2 for \$1.25.**

## PUSSY WILLOW

A small treelike shrub with attractive leaves 2 inches long and an inch wide. Its popular appeal is the conspicuous silky catkins which bud in the fall, and make those "springy" bouquets just as the snow melts in the spring. **2-year, 50c each; 3 for \$1.25.**

White Flowering Dogwood

## RED-LEAVED BARBERRY

This brilliant Barberry is becoming more popular every year. Bronze-red leaves during the summer turn to fiery red in fall. Red Barberry should be planted in full sun for best color results. **60c each; 3 for \$1.50.**

## GREEN-LEAVED BARBERRY

No shrub is so generally planted or has so many practical uses as Japanese Barberry. It hasn't a single serious fault, and can be grown in shade, moist, dry or sunny locations. When grown as specimen plants or as an edging to taller shrubs its graceful arching branches covered with luxuriant green foliage in summer and flashing red berries all winter make a most pleasing sight. **50c each; 3 for \$1.25.**

Green-Leaved Barberry

Watermelon-Red Crape Myrtle in Full Bloom

# HARDY COLOR ENRICH THE BEAUTY OF

## CRAPE MYRTLE

### THE NEW WATERMELON-RED VARIETY

This is the outstanding new watermelon-red Crape Myrtle which is arousing so much interest and comment among plant lovers all over the country. The plant, which is so much a part of Southern beauty, is now available in hardy form for those of us in more northern climates. Habit similar to Buddleia, as it dies down to the ground each winter in the North, but throws up new shoots each spring and flowers in the summer. If you want a real thrill in new plants, we recommend this one. Will grow in any good garden soil. Plant about 3 feet apart for borders.

12 to 18 in., \$1.00 each;  
2 for \$1.75; 4 for \$3.00

## WITCH HAZEL Latest Fall Bloom

Hardly any other shrubs bloom in the late autumn, but that is the season when the Witch Hazel flaunts its brilliant yellow flowers. It blooms for a long period and has interesting fruits before the last blossoms have faded. Sometimes it is still in bloom when early snows come, but it is unharmed even by zero weather. Witch Hazel will be an interesting and valuable addition to any shrub border. Nice, 2-year plants, 60c each; 3 for \$1.50.

## RED FLOWERING HONEYSUCKLE

A remarkable shrub because of its deep green foliage, its hardiness and its free blooming habit. All the fine qualities of the Bush Honeysuckle plus a distinctly new color of blooms. The actual colored photograph at right cannot do justice to the beauty of this shrub. It thrives in most any location or in most any type soil. When it is in full bloom it is literally studded with glowing rosy red flowers of most exquisite fragrance. Mature height 8 ft. Heavy, 2-yr. blooming size, 75c each; 3 for \$2.00.

Althea—Rose of Sharon

Witch Hazel—Bright Yellow Blooms

## ALTHEAS

(Rose of Sharon)

Tall, beautiful flowering shrubs. Double flowers resemble Roses with tightly curved petals. Color shades stand out vividly in group plantings or as specimens. Very worth-while plant to buy, as they are easily grown, unusually hardy and bloom long and lavishly.

**Note:** The Altheas are very late in leafing out in the spring. Do not be alarmed if they stand dormant up into June.

We offer 4 distinct and beautiful colors: Red, Pink, White and Blue. Your choice at 50c each or 4 for \$1.75.

Krider's Red Honeysuckle

# FUL SHRUBS

## HOME SURROUNDINGS

### KRIDER'S FAMOUS THREE COLOR ALTHEA

**Our National Colors Now Offered In a Living Shrub. Red, White and Blue Blooms at the Same Time On One Bush.**

Though peace has come everyone should show their colors in one form or another. The markets are flooded with various items of metal, paper or cloth which are but temporarily useful. Why not have a permanent, living display on your lawn.

We have grafted and grown a number of these tri-color Rose of Sharon to give you something new in shrubs.

Have the newest! Display our National Colors on your lawn! One section red, one section white and one section blue. Sure to please you. **Well rooted, 2-yr. blooming size, 2 to 3 feet tall.**

**Plant one on each side of your walk!**

**\$1.50 each; 2 for \$2.50**

### TWO SPLENDID WEIGELAS FLORIBUNDA, Red

The everblooming red Weigela Floribunda surpasses all other red-flowering shrubs. Much hardier than Eva Rathke and a better flower. Commences blooming early in spring and continues all summer long. Leaves are a rich glossy green and densely cover the branches. A necessity in every border planting. Will reach 5 feet in height. **2-year blooming size, 60c each; 3 for \$1.50.**

### ROSEA, Pink

One of the finest of the family. Tall and vigorous growing with abundant deep pink flowers in June. Occasional blooms the balance of the summer. Will reach 7 to 8 feet in height.

Excellent shrub for use in the shrub border and also desirable for use in the foundation planting about the home. **2-year blooming size, 60c each; 3 for \$1.50.**

**New Scarlet Firebush**

### FIREBUSH (Cydonia) NEW, UPRIGHT GROWING, SCARLET TYPE

Early in the spring this attractive shrub is completely covered with dazzling orange-scarlet flowers which are followed by small, fragrant, quince-shaped fruits. Foliage waxy and dark green. Branches are rough and closely knit, making it desirable for hedges.

This new type grows with branches upright instead of loosely horizontal as did the old type. **2-yr., 60c each; 3 for \$1.50.**

**NOTE:** This shrub cannot be sent into the States of California, Washington, Oregon, Colorado, Montana, Nevada, Arizona, Utah, and Florida.

[45]

**Krider's Famous Three-Color Althea**

### VIBURNUM AMERICANUM

One of the best of all Viburnums for the shrub border or anywhere that a fairly tall shrub is needed. Beautiful bright green foliage; clustered white blooms in May; clumps of extremely large ornamental bright red berries following and remaining until early winter. Berries are about twice the size of those on the regular High Bush Cranberry. Will reach 8 to 10 feet high when matured. **2-yr., 60c each; 3 for \$1.50.**

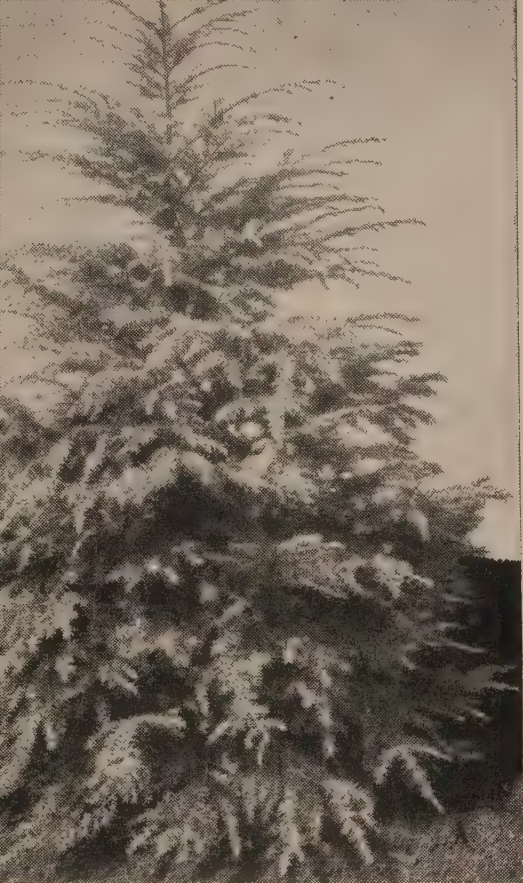

**Fruits on Viburnum Americanum**

# EVERGREENS

## FOR HOME PLANTINGS

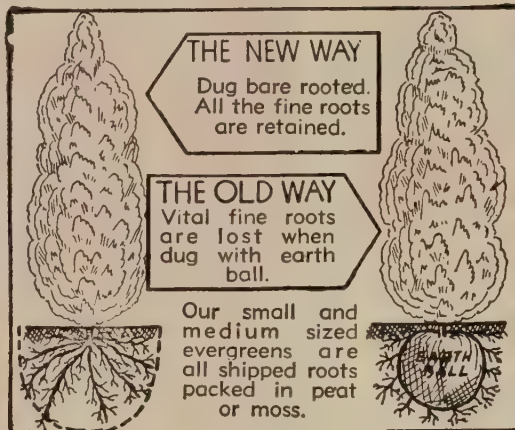

Hemlock—One of the Few Evergreens  
Which Do Well in Shade

### HEMLOCK

Another splendid evergreen which does well in partially shaded spots is the Hemlock. It is one of the most graceful growing of plants. Foliage is a light fresh green which always looks well in any planting. Will grow to quite large size if left untrimmed; however, the plants should be kept lightly sheared as they develop, thus they will become much more beautiful and foliage will be dense and compact. When the desired height is reached the trees may be kept there by trimming back each year. We have a nice block of these in 12 to 18 in. size at \$2.50 each; 2 for \$4.50.

Retinospora or Plumed Cypress

### PYRAMID ARBOR-VITAE

For foundation or group planting in all landscape work. Retains the flat foliage and lovely bright green color at all seasons. Grows compact and develops naturally into perfect pyramidal form. May be sheared for strictly formal effects. 18 to 24 inch, \$1.50 each; 3 for \$4.00.

### RETINOSPORA (Plumed Cypress)

Retinospora is especially valuable for corner planting or for use in the border. Has soft plumelike foliage which shears beautifully. This will enable you to keep the plants to the size desired and they will always be close and compact in growth. May be allowed to grow to full size if planted along the side of a lawn or in a border planting. Fresh green color with rich golden cast. Needs sun for best color results. 12 to 18 in., \$1.50 each.

#### PLEASE NOTE

All of our Evergreens are carefully dug to get all the tender roots. The soil is then removed and the roots puddled in mud; they are then wrapped in moss and paper or burlap. This method of packing eliminates 25 to 50 pounds of soil, saves the vital fine roots, insures better growth and makes possible low cost express shipments.

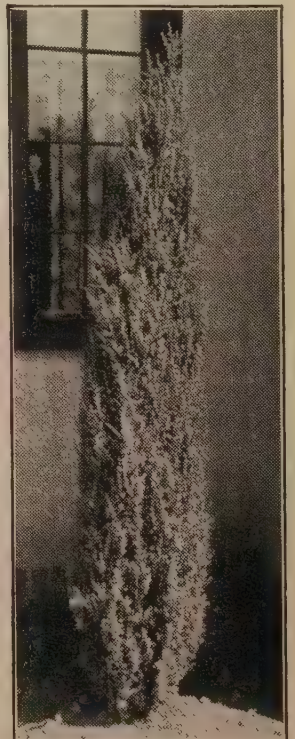

Pyramid Arbor-Vitae

### FASTIGIATA JUNIPER

The New Columnar Juniper

Similar to Irish Juniper in foliage and color but grows tightly compact and columnar. The last word in evergreens for doorways and formal effects. We have a nice stock of these in 18-inch size, the nicest size for transplanting, and offer them at only \$1.50 each; 3 for \$4.00.

See page 43 for small sizes of evergreens to plant in the garden and grow on for a couple of years before setting in permanent locations.

Juniper Fastigiata

Pfitzer Juniper

## PFITZER JUNIPER

The well known, gracefully spreading, low-growing Evergreen with sweeping fronds of fresh green foliage. Very hardy and does well in sun or shade. Quite rapid in growth when once established. The spreading branches should be kept sheared to form a dense mass of foliage. Allow tips to grow to size desired and then keep in bounds by trimming. (See next page for other Evergreens which do well in shade.). **12- to 15-inch spread, \$1.75 each; 2 for \$3.25.**

## GOLDEN ORIENTAL ARBOR-VITAE

(*Biota Aurea Nana*)

A very slow growing, compact variety of the dwarf type. The flattened leaves face outward edgewise, presenting a beautiful surface of vertical fluted lines. Color is a fresh yellow-green, very striking in appearance and valuable in foreground planting. **12 to 15 in., \$1.50 each; 3 for \$4.00.**

Golden Oriental Arbor-Vitae

## Luxuriant and Colorful

# EVERGREENS

A NECESSITY FOR GOOD LANDSCAPE DESIGNS

## JUNIPER HORIZONTALIS

(*Andorra Juniper*)

Very popular with those who want a prostrate creeping type for use along steps, for rockery planting or for use as a bank cover. Rarely exceed 10 or 12 inches in height. Richly colored foliage which blends well with any other plants used. We offer plants of **12- to 15-inch spread at \$1.25 each; 2 for \$2.25; 6 for \$6.00.**

## WHITE SPRUCE

A lofty, elegant tree of perfect pyramidal habit, rich in silvery green color. As the tree ages its branches become gracefully pendulous, making it exceedingly beautiful and picturesque. A splendid evergreen for specimen planting and also for windbreaks or backgrounds. **18 to 24 in., \$1.50 each; 3 for \$4.00.**

## YEWS

Without doubt the Yews are among the finest and most luxuriant evergreens grown. They are extremely hardy, easy to grow, do well in shade, and harmonize with any other plant.

## SPREADING YEW

The spreading variety throws out sweeping branches similar to Pfitzer Juniper. May be kept trimmed back to desired size or to fit allotted space. Foliage is a shade of deep green, soft to the touch and always fresh looking. May be kept sheared for a low hedge, allowed to grow its graceful wandlike branches for informal corner plantings or trimmed into compact shape for formal effects. After the plant is several years old numerous red berries are borne close to the branches, remaining into the winter. **Well rooted, 12 to 15 in., \$2.50 each; 2 for \$4.50.**

## UPRIGHT YEW

General foliage characteristics same as the spreading variety described above, but grows in columnar, erect form. By keeping the plant lightly sheared as it grows, the foliage will be extremely dense and compact from the ground up. Valuable for corner plantings and accent pieces. Does well in shade and seems to be very little affected by disease or pests. **15 to 18 in., \$2.50 each; 2 for \$4.50.**

(See page 43 for smaller sizes.)

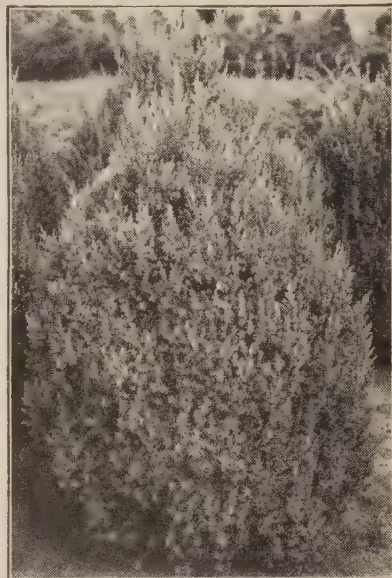

Juniper Horizontalis

## JUNIPER STRICTA

(*Spiny Greek Juniper*)

For a semi-dwarf pyramidal Evergreen, Juniper Stricta cannot be surpassed. Foliage is a silvery blue, very compact and cedar-like. Reaches about 4 feet at maturity in our section of the country. Will get slightly larger in the South and not quite as large in northern sections. Excellent to use where height is a factor in planning a planting. We offer nice plants in **12- to 15-inch size at \$1.50 each; 2 for \$2.75.**

## "HOME LANDSCAPE" EVERGREEN COLLECTION

Now you can landscape your own home at minimum cost with these lovely Evergreens. All are hardy and will do well in most any location. One group of 10 plants will completely plant one side of the front of the average home if space is between 15 and 25 feet. Two groups make a complete planting for the entire front. The large picture above gives planting arrangement.

### SIZES TO BE SENT ARE AS FOLLOWS:

Upright types will be 24 inches tall; semi-upright, 12 to 15 inches tall, and spreading types will have 12- to 15-inch spread. One group will consist of the following: 1 Pyramidal Arbor-Vitae, 1 Fastigiata Juniper, 2 Juniper Stricta, 1 Retinospora, 2 Golden Oriental Arbor-Vitae, 2 Mugho Pine, 1 Pfitzer Juniper—ten plants in all.

**10**

Fine Evergreens as Described and Listed Above.  
 (Shipped by Express Only) .....

**\$14<sup>00</sup>**

## BEAUTIFUL COLORADO BLUE SPRUCE

One of the hardiest and most beautiful of Evergreens for specimen planting. Will stand extreme weather conditions without damage as it has a very deep growing root system. Color is a rich blue as the tree ages. Color changes toward green in winter. Beautiful in outline and ideal for all specimen planting. However, it must have room to develop its branches and form.

**12 to 15 inch,  
\$2.00 Each;  
2 for \$3.75**

[48]

## SILVER-BLUE PFITZER JUNIPER (U. S. Plant Pat. No. 422)

Imagine all the famous good qualities of the Pfitzer Juniper now combined with a beautiful new silvery blue color. Color is as intense and even as the Koster Blue Spruce. Entirely hardy in any section of this country. Grows a little more compact and has slightly finer foliage than the well known green Pfitzer. Otherwise habits are the same.

The plants we offer are sturdy, healthy plants, having a spread of from 6 to 12 inches. The plant in the natural color photo below shows one of these same size plants four years later. Worth about \$12.00.

**\$1.25 each; 3 for \$3.00  
6- to 12-inch Spread**

Silver-Blue Pfitzer Juniper

# FAVORITE HARDY VINES

## FOR NATURAL, LIVING CURTAINS AND SCREENS ABOUT THE HOME

### HALL'S SWEET-SCENTED HONEYSUCKLE

A strong, vigorous evergreen variety of Honeysuckle, with pure white flowers changing to yellow. Very fragrant and covered with blooms from June to November. **2-yr., 40c each; 5 for \$1.75.**

### BOSTON IVY

A splendid vine for covering, as it clings perfectly to the smoothest surface. Foliage is bright glossy green, changing to brilliant hues of scarlet, crimson and orange in the fall. This is the vine seen so much creeping up over brick walls of old churches and homes. Hardy and easily grown. All 2-yr. vines **50c each; 3 for \$1.25; 12 for \$4.00.**

FOR EVERGREEN AND AMERICAN BITTERSWEET, SEE PAGE 26.

Clematis Jackmani

### PINK WISTERIA

Very hardy and will climb a lattice or arbor or any good support. May be staked and trimmed to grow in bush or tree form. Long panicles of bloom and superb rich pink color. **We offer heavy, 2-year, grafted plants.** These grafts are from blooming wood, so you may be sure your plants will bloom (usually the second or third year after planting) **2-yr., grafted vines, \$1.00 each; 3 for \$2.50, postpaid.**

### PURPLE WISTERIA

Just look at the photo at the right of this gorgeous purple Wisteria. Can you imagine these growing and blooming on your grounds?

A beautiful climbing vine of rapid growth, producing long, pendulous clusters of pale blue flowers. Fine for shading the upper part of a house. Will wind its way up any support. **2-yr. grafted plants, 75c each; 3 for \$2.00, postpaid.**

## . CLEMATIS . . .

**PLEASE NOTE:** All Clematis will be shipped from 3-inch pots and except to extreme southern sections, will not be shipped until after May 1st. In this way roots will reach you full of life and ready to start growth at once. **ALL ARE POSTPAID.**

### JACKMANI

One of the best and freest flowering varieties we know of. The flowers, when fully expanded, are from 4 to 6 inches in diameter. Intense violet-purple, with a rich velvety sheen, distinctly veined. July until frost. **85c each.**

### RAMONA

This beautiful Clematis carries a suggestion of lost Indian legend; lingering memories of a vanished race. Large, lavender-blue blooms in profusion. Hardy and easy to grow. Very large, rounded petals. **85c each.**

### MME. EDOUARD ANDRE

Flowers as large as Jackmani and a rich deep rosy pink. Very free flowering, and a continuous bloomer. **85c each.**

### HENRYI

Large creamy white flowers. A strong grower and very hardy. One of the best of the white varieties. A continuous bloomer. **85c each.**

### How to Grow Clematis

Clematis will thrive in almost any climate but for best results they should be planted in a somewhat sunny location and in as near a non-acid soil as possible. If your soil is acid this condition may be remedied by mixing lime with the soil at planting time, or by thoroughly working lime into the soil around those plants already in place. Clematis should be set so that the dirt comes up about 2 inches on the stem above the roots. If planted with the crown just level with the soil they will soon wither and die from drying out. Dig the hole large enough so that the roots may be spread out naturally in planting. If the soil is poor the hole should be filled with good rich garden soil. Clematis planted in this manner and kept well watered (not drowned) will rarely fail to grow and do well.

Chinese Purple Wisteria

### SILVER LACE VINE

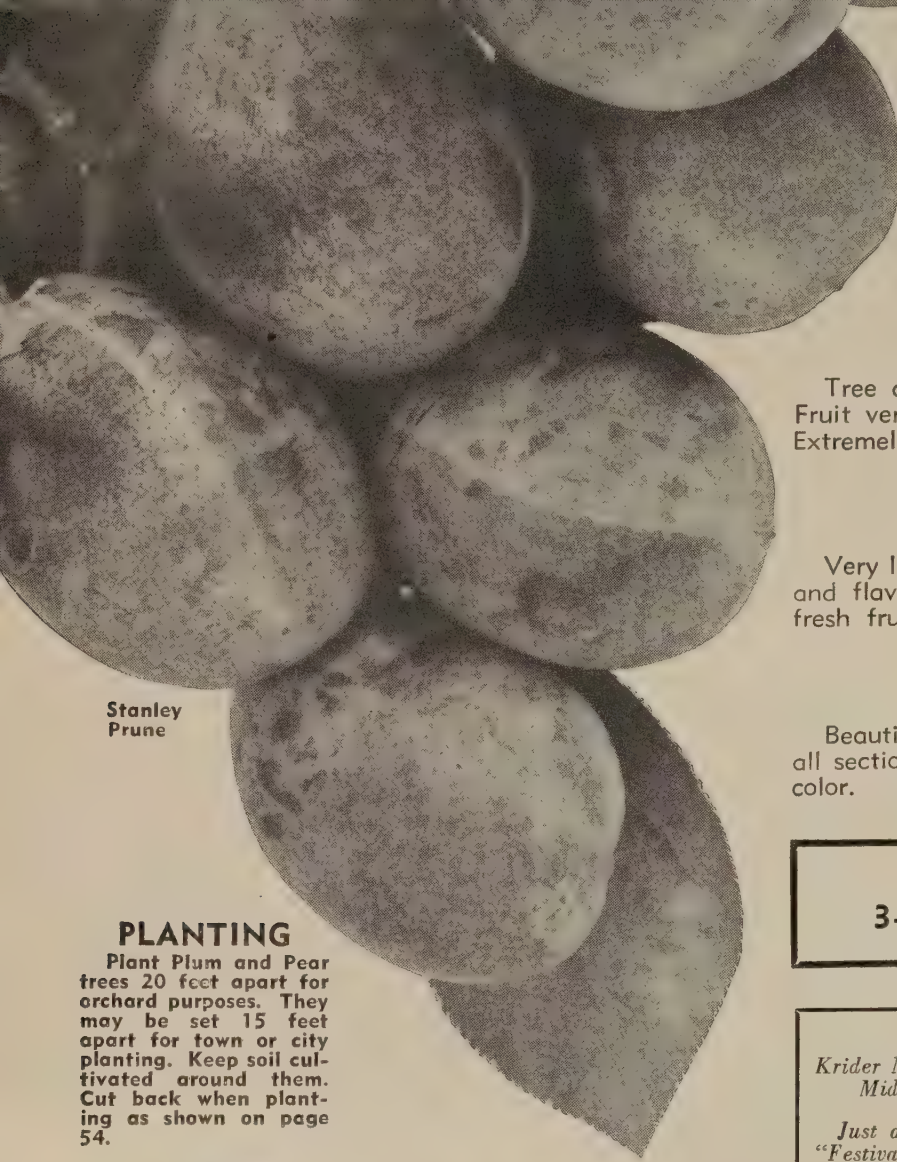

In a few short years this has come to be America's No. 1 vine for covering pergolas, archways, arbors, lattice, fences, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose, suggesting old lace. Gives a most exquisite effect and is one of the most satisfactory vines. **60c each; 3 for \$1.50, postpaid.**

(See page 26 for Bittersweet.)

Silver Lace Vine

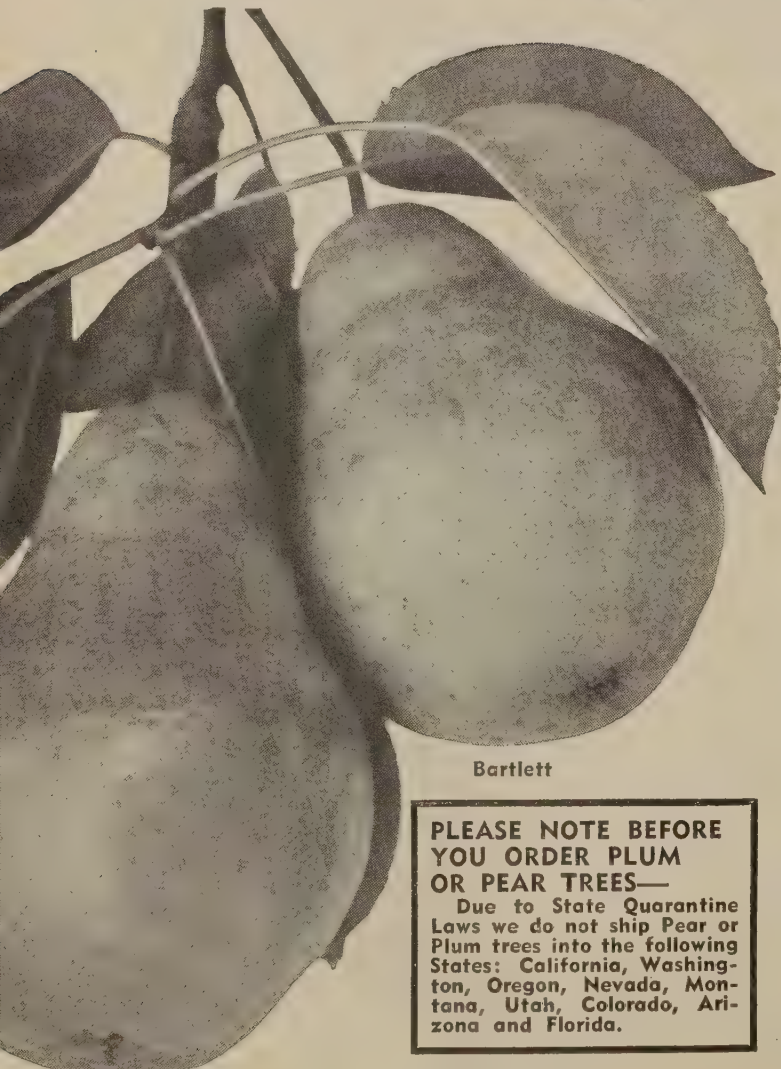

Stanley  
Prune

### PLANTING

Plant Plum and Pear trees 20 feet apart for orchard purposes. They may be set 15 feet apart for town or city planting. Keep soil cultivated around them. Cut back when planting as shown on page 54.

Bartlett

### PLEASE NOTE BEFORE YOU ORDER PLUM OR PEAR TREES—

Due to State Quarantine Laws we do not ship Pear or Plum trees into the following States: California, Washington, Oregon, Nevada, Montana, Utah, Colorado, Arizona and Florida.

# KRIDER'S CHOICE PLUM TREES

IN FAVORITE VARIETIES

## BURBANK

Tree a vigorous grower and an early and very heavy bearer. Fruit very large, reddish in color with yellow cheek in the sun. Extremely small pit. Middle of June.

## REINE CLAUDE

Very large, juicy Plum with golden yellow skin and flesh. Sweet and flavorful and an excellent Plum for canning or for use as fresh fruit.

## STANLEY PRUNE

Beautiful large Prune-Plum. Sweet, rich and juicy. Hardy in all sections and one of the best Plums you can grow. Deep blue color.

### PRICE OF ABOVE PLUM TREES

3- to 4-ft. trees, \$1.50 each; 5 for \$6.50

Milan, Indiana.

Krider Nurseries, Inc.,  
Middlebury, Indiana.

*Just a note to let you know how proud I am of the three thornless "Festival" Rose bushes purchased from your nursery this spring. They're lovely, have blooms four and a half inches. I have never seen Roses as large. Hope to purchase more next spring.*

MRS. C. S.

## SELECTED VARIETIES OF

# PEAR TREES

FOR THE HOME ORCHARDIST OR FOR  
THE COMMERCIAL PLANTER

## BARTLETT

Large size, with a beautiful blush next to the sun; buttery, very juicy and high flavored; the tree is a strong grower and a young and abundant bearer. August and September.

## FLEMISH BEAUTY

A large, beautiful, melting sweet Pear. Tree is very hardy, vigorous and productive. Succeeds well in all climates. September.

## SUGAR PEAR

Remember the delicious sweet Sugar Pears we used to watch for in the late summer? Why not plant a few of these trees and grow your own. None better to eat or for spicing. Melting flavor and trees bear unusually heavy crops.

### PRICES OF ABOVE PEAR TREES

3- to 5-ft. trees, \$1.50 each; 5 for \$6.50

Large Montmorency—The Standard of Excellence in Cherries—  
Largest Sour Cherry—Unexcelled as Fresh Fruit or for Canning

# Krider's Early Bearing CHERRY TREES

*The Quickest Producers of Fine Fruit*

## SOUR VARIETIES

### EARLY RICHMOND

The Cherry for those first juicy Cherry pies. Earliest ripening Cherry and a heavy producer of fruit. Large and light red in color. Bring top prices on early markets and very desirable for home canning or drying. Trees bear when quite small and long waits for a fruit crop are done away with when you plant a few trees of Early Richmond.

### LARGE MONTMORENCY

Everywhere the most popular. Tree strong, thrifty grower, making a large symmetrical head; fruit is large size, dark red, melting, juicy, sprightly acid flavor and is especially valuable for cooking purposes.

This is the large dark red Cherry so much used for locker storage after quick freezing. The kind grown by large commercial orchardists and canned for the markets. Unequalled for Cherry pies or for fresh fruit after canning or freezing. Plant Large Montmorency and you'll have the best in Cherries.

## SOUR CHERRY PRICES

Well Branched, 3-Ft. Trees

**\$1.50 each; 10 for \$13.50**

## PLEASE NOTE BEFORE ORDERING—

Due to State Quarantine Laws we do not ship Cherry trees into the following States: California, Washington, Oregon, Montana, Nevada, Utah, Colorado, Arizona and Florida.

## PLANTING

Plant Cherry trees 20 feet apart and keep soil well cultivated around them. Fertilizing each spring helps in producing abundant crops.

## SWEET VARIETIES

### WINDSOR

Tree upright, and a rapid grower; fruit large, roundish, oblong; very firm and juicy; flesh pinkish and sometimes streaked; quality very good; a productive bearer; has attracted attention owing to its large size and shiny deep maroon color.

### NAPOLEON or ROYAL ANN

A beautiful Cherry of large size, pale yellow with bright red cheek; flesh firm and sweet; one of the best for market and canning.

### BLACK BING

This black Cherry bears fruits of large size and deep color. Flesh very solid, flavor of the highest quality; tree thrifty, upright grower, very hardy and productive; a fine shipping and market variety.

Also excellent for drying and home canning. May be used for locker storage after quick freezing. Always brings top prices on the market due to its large size and deep color.

## SWEET CHERRY PRICES

3-Ft. Trees

**\$1.75 each; 10 for \$16.00**

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: Your order received a couple of weeks ago. Just want to thank you for such wonderful plants; all were received in good condition and were certainly fine. They were the finest I have seen anywhere and I am more than pleased with my order.

Again thanking you, I remain,

MRS. L. B.

Birmingham, Ala.,  
March 6, 1946.

Mature Specimen of Eleyi Crab in Full Bloom

## HARDY MAGNOLIAS

Among the finest of all ornamentals are these hardy Magnolias. Large bell-shaped blooms measuring five to seven inches across. Beautiful waxy sheen. Plants begin blooming when quite small, many times flowering in the nursery row when 18 to 24 inches tall. Usually bloom for the customer the second season after transplanting. Eventually attain a height of 10 to 12 feet in midwest and northern climates. Set in good soil and keep well watered first season. Annual fertilizing helps to promote good growth.

[52]

### YOUR CHOICE OF EITHER PINK OR RED FLOWERING MAGNOLIAS

18- to 24-in. Size  
**\$2.50 Each;**  
**2 for \$4.50**

*Soulangiana*

## ELEYI FLOWERING CRAB

### A SPLENDID ORNAMENTAL

This sensational Flowering Crab is beloved by all who have ever seen it. Rapid grower, very shapely in form, and at blooming time is a cloud of beauty on the landscape. Flowers are rich shell-pink in color and are followed by small ornamental fruits. If you want the finest in Flowering Crabs, and a real ornament for your lawns or borders, don't fail to order this beautiful tree.

4- to 6-ft. Trees

**\$1.25 ea; 2 for \$2.25**

### DOUBLE FLOWERING "SACRED GATE" CHERRY

The loveliest of all the flowering trees. The kind that is famous in Washington, D. C., at cherry blossom time. Fast growing and perfectly hardy. Excellent as an ornamental the year 'round, but of course, its crowning glory comes when it is completely covered with exquisite pearly pink blossoms. For planting along driveways it makes a delightful approach to any home. Plant 15 to 18 ft. apart.

Well-Rooted, 3- to 4-ft. Trees

**\$2.25 Each; 2 for \$4.00**

"Sacred Gate" Flowering Cherry

# TWO DELICIOUS VARIETIES OF APRICOTS

## MOORPARK

Extremely valuable as a fresh fruit and a superior fruit for canning or drying. There is always a good market for Apricots at top prices.

One of the largest and finest Apricots. Rich yellow with orange blush. Flesh sweet and juicy, and rich. Freestone and very productive.

## SUPERB

Fine, large variety. Fruit roundish, large and slightly compressed. Color dull yellow with red blush. Flesh orange tinted, firm and sweet with a rich, vinous flavor. Ripens the latter part of July.

**Your Choice of the Above Apricots  
3- to 5-ft. Trees**

**\$1.50 ea; 3 for \$4.00**

**PLANTING:** Plant Apricots 20 feet apart and keep well cultivated. Cut back when planting as shown on page 50. Annual fertilizing helps in promoting good growth and earlier bearing.

**NOTE BEFORE ORDERING ANY  
FRUIT TREES:** We do not ship **ANY** Fruit Trees into the following States: California, Washington, Oregon, Montana, Nevada, Utah, Colorado, Arizona and Florida.

Famous 5-N-1 Apple Tree

Apricots  
One of Our Most  
Delicious Fruits

## HARDY NECTARINE

One of the most sensational as well as delicious fruits ever introduced. Combines the best qualities of the Peach and Plum. Fruit is large, fine flavored, juicy and melting to the taste. Smooth skinned. Unequalled as a fresh fruit or for canning. Include this fruit in your order. Plant 20 feet apart. **2-yr., 3- to 4-ft. trees, \$1.50 each; 10 for \$10.00.**

### NOTE BEFORE ORDERING NECTARINES

Nectarines cannot be shipped into the States of California, Washington, Oregon, Idaho, Montana, Nevada, Utah, Colorado, Arizona, and Florida.

## THE FAMOUS 5-N-1 APPLE TREE

For those with limited space—if you want but one Apple tree.

Think of having five delicious varieties of Apples on one tree! Will provide an abundance of fresh fruit from June until winter. Double Red Delicious, Anoka, Double Red Rome Beauty, Yellow Delicious, Double Red Jonathan, Yellow Transparent, all budded on one sturdy Red Delicious tree, making really six varieties in all. A complete Apple Orchard.

**4- to 6-ft. Trees  
\$2.50 Each; 3 for \$6.00**

# KRIDER'S

## APPLE TREES

RAPID IN GROWTH—  
HEAVY IN YIELD—  
FINEST VARIETIES—

### DOUBLE RED DELICIOUS

AMERICA'S FAVORITE  
VARIETY OF APPLE

The sensational New Red Delicious which we are offering to the trade is a marvelous improvement over the common Delicious. It is a much deeper color without stripes where the common Delicious would be striped red and partly green. Even in the heavily shaded portions of the tree the color is outstanding. Probably the most popular of all eating apples. Largest seller in markets. Very highly flavored and stays crisp and juicy after picking.

The Superlative Double Red Delicious, America's Favorite Apple, Outsells All Other Apples in Markets from Coast to Coast

### • YELLOW DELICIOUS •

Similar to Delicious in shape. Fruit rich yellow color. Early bearing. Winter. Flesh fine-grained, crisp, juicy and melting, and really delicious. The tree is a hardy and vigorous grower, and forms a strong beautiful head capable of bearing enormous loads.

### • YELLOW TRANSPARENT •

Summer Apple

Medium white, changing to lemon-yellow, smooth waxy surface; of good quality, with crisp flesh; very early, and, for an early Apple, an unusually good keeper. Valuable for market. July.

### • MAIDEN BLUSH •

A medium to large pinkish Apple. Very firm, white flesh. Acid flavor, vigorous and productive. One of the best for juicy fresh apple pies or flavorful, finely grained apple sauce.

### • WHITNEY CRAB •

The tree is hardy, thrifty, an upright grower, and comes into bearing when young; it is a very productive variety. The flesh is yellowish, crisp, juicy and splendid for eating and cider. August to September.

### • WEALTHY •

The most dependable and widely planted fall Apple. Bright red, striped. Medium to large in size. Hardy and a free grower.

### • TOLMAN SWEET •

A very large and sweet Apple of fine flavor. The fruit is creamy yellow, sometimes blushed on sunny side. Tree vigorous and hardy, very productive. Keeps until April.

### • GRIMES GOLDEN •

The standard of excellence, of the best quality, rich golden color. Flesh is yellow, very firm, crisp but tender, rich, aromatic and juicy. Medium to large. An ideal dessert and cooking Apple. Tree is a hardy, vigorous, upright grower, and a heavy, regular bearer.

A ONE YEAR, TWO YEAR AND  
THREE YEAR OLD FRUIT TREE  
BEFORE PRUNING.

THE SAME TREE AFTER  
PRUNING

NEARLY OPPOSITE BRANCHES FORM BAD CROTCHES  
IN TIME AND SHOULD BE AVOIDED.

All fruit trees should be cut back and  
pruned as shown above, as soon as plant-  
ing is completed.

THIS IS OF GREAT  
IMPORTANCE

Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: I received the "Festival" plant I ordered from you in good condition, and I am delighted with it. I lent this catalog to my neighbors and I am sure you will receive some orders from them.

Quayama, Puerto Rico,  
Mar. 29, 1946.

K. P. D.

# MORE APPLE TREES Should be PLANTED

Old Orchards are Dying Out and Few Replacements Have Been Made—  
Every Home Needs Fruit for Health—Consider the High Price of Fresh Fruit  
—Why Not Grow It?

## • RED NORTHERN SPY •

To all the splendid qualities of the genuine Northern Spy—its unusual and delicious flavor, its excellent cooking and baking qualities, its hardiness and productiveness—nurserymen have added the greater perfection of color and miraculous hastening of maturity. Comes into bearing 12 years earlier than the old Northern Spy, bearing fruit in six years instead of the 18 years formerly required.

## • RED STAYMAN •

Most profitable market variety. Has large size, bright red color, great productiveness, and best quality to commend it. Tree a vigorous grower, irregular and drooping in habit, adapts itself readily to different soils and situations. Drought resisting. Season November to February.

## • RED JONATHAN •

A beautiful red Apple, highly flavored and of excellent quality, being tender, juicy, spicy, and rich—a splendid family sort and highly profitable for market. Tree long-lived, productive, and an early bearer. November to April.

## • RED ROME BEAUTY •

The great profit maker. It has an established place in the markets and no orchard should be without it. A real Apple with good keeping qualities. It bears at a very early age and will prove successful anywhere.

## • McINTOSH •

Large, deep crimson and beautiful. Tree is hardy and vigorous. Flesh pure white, crisp and very tender. A good regular bearer. Has justly proved itself a favorite in the Apple Belt, and a good market variety.

### Prices of All Apple Trees Listed

2-yr., 3 to 4 ft., \$1.00 each; 10 for \$ 8.50

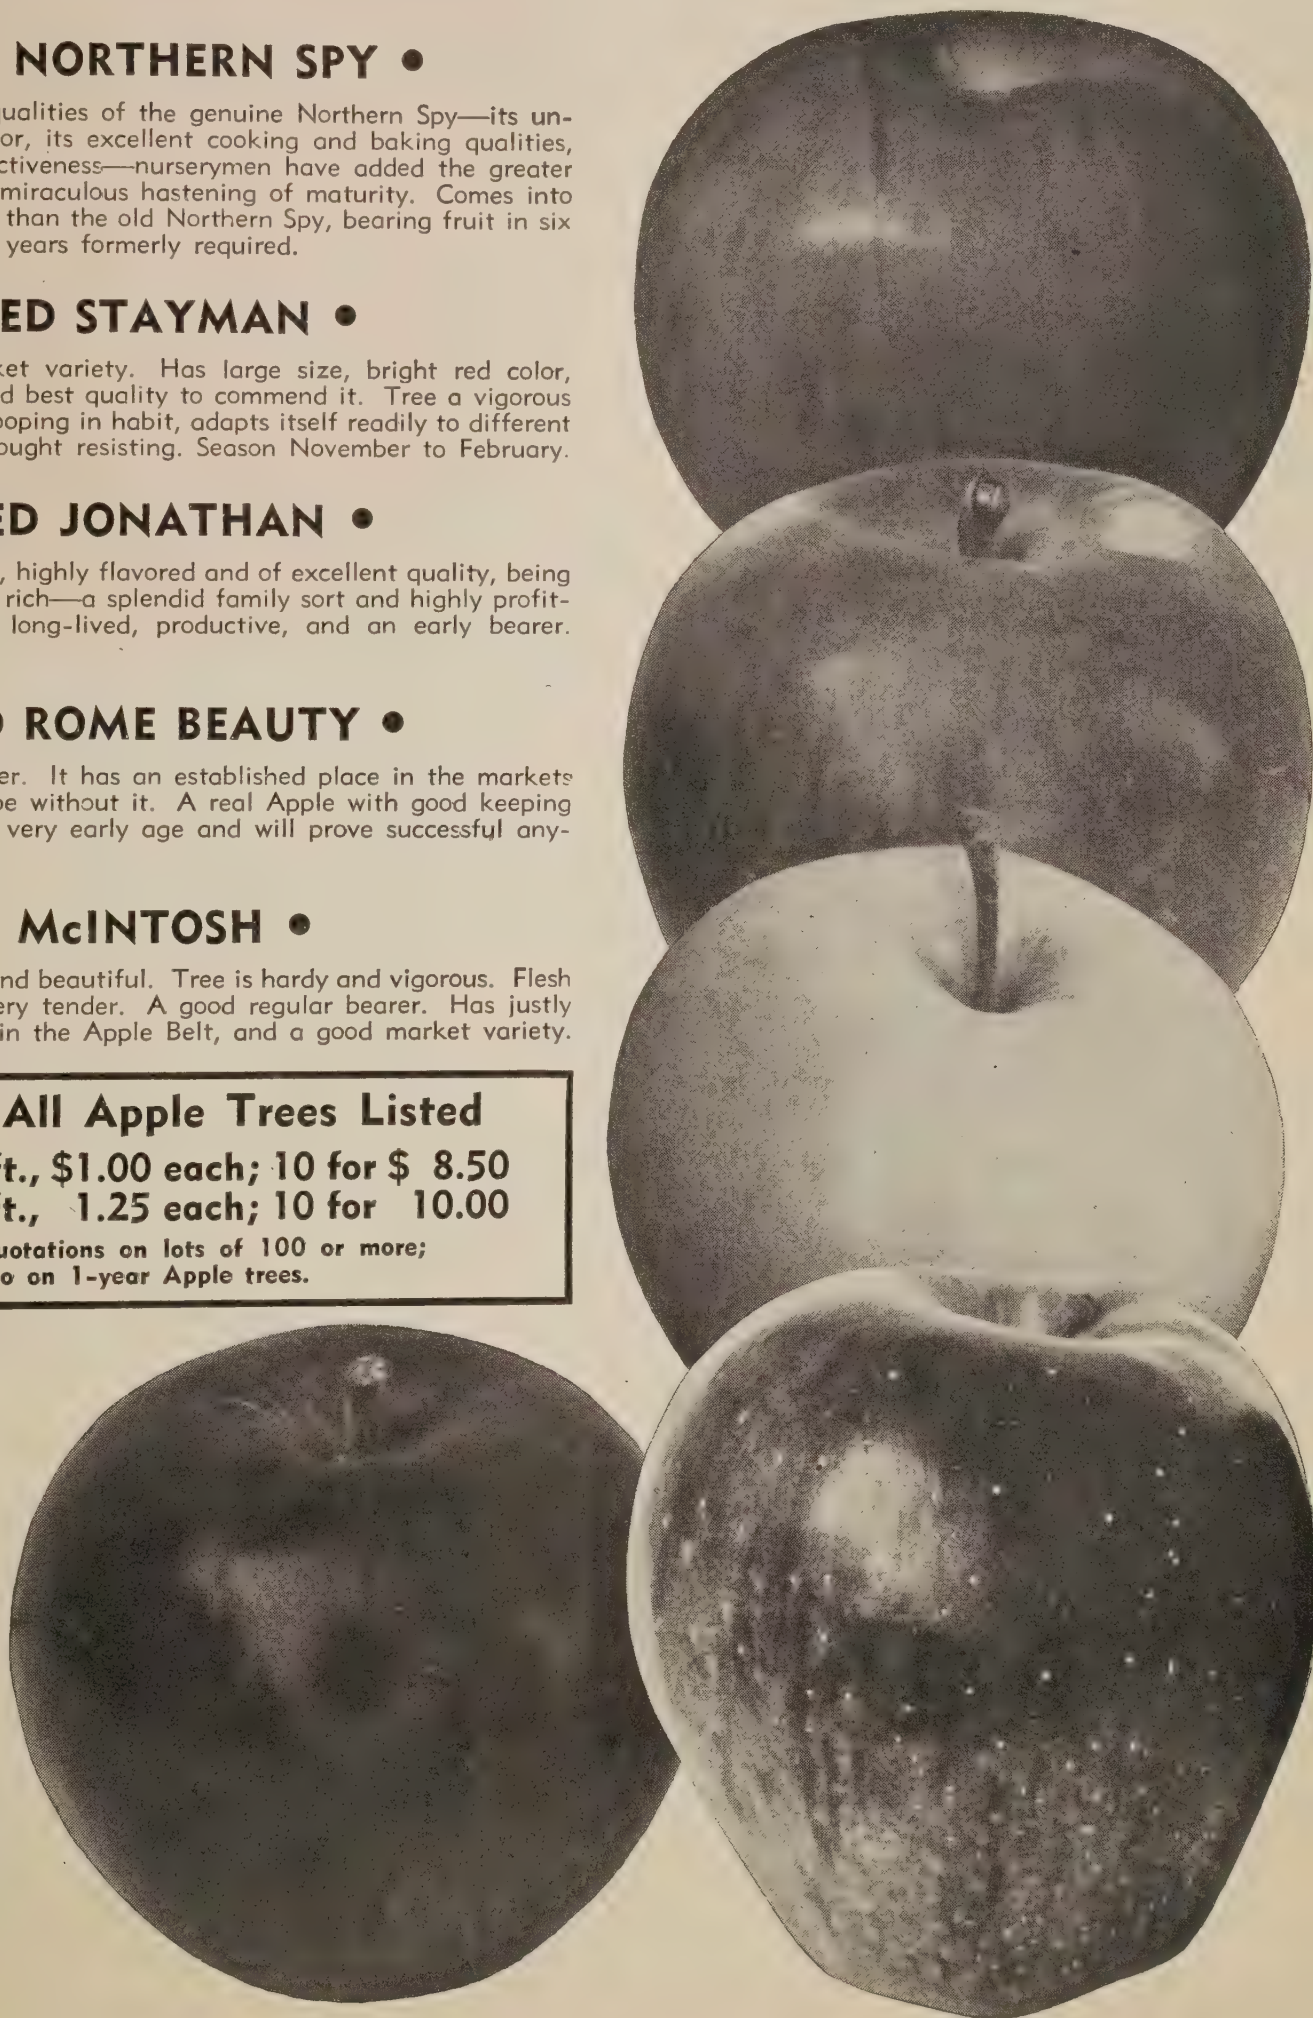

2-yr., 4 to 6 ft., 1.25 each; 10 for 10.00

Write for quotations on lots of 100 or more;  
also on 1-year Apple trees.

**Note:** Plant Apple Trees from 30 to 40 feet apart each way. In small areas or on city lots they might be planted 20 feet each way if kept trimmed so that they do not grow together.

### PLEASE NOTE

Due to State Quarantine Laws we do not ship Apple trees into the States of California, Oregon, Washington, Montana, Nevada, Colorado, Utah, Arizona, and Florida.

# STURDY, SELECTED PEACH TREES

IN AMERICA'S BEST AND  
FINEST VARIETIES

## EARLY VARIETIES

### • GOLDEN JUBILEE •

(Freestone.) A choice freestone recently introduced by the New Jersey Experiment Station, already popularized and given a high rating. Tree habits resemble Elberta. The skin is yellow with red blush; flesh golden yellow; tender and sweet. Fruit oblong and rather flattened in shape. Brings top market prices because it is early and has a superior flavor.

### • EARLY ELBERTA •

(Freestone.) Early midseason. Color lemon-yellow changing to orange-yellow, blushed with red. Very juicy, tender and melting, sweet and highly flavored. Splendid quality.

### • ROCHESTER •

(Freestone.) Early midseason. Color orange-yellow, blushed with deep red. Skin thick and tough. Yellow flesh stained with red near the pit. Very juicy, tender and melting, sweet and highly flavored. Splendid quality.

### • CHAMPION •

(Freestone.) Large, round, quite regular, yellowish white, mottled with red on sunny side, flesh white with red at the pit. One of the best in quality for nearby markets and home use. It is a healthy grower and hardy in fruit bud. The fruit ripens from 20th of August.

### • J. H. HALE •

(Freestone.) Fruit averages one-third to one-half larger than Elberta, ripens about five days earlier and has superior flavor. Color a beautiful golden yellow with deep carmine blush. Does well over a wide range of territory and is worth cultivation. September 1st.

## MIDSEASON VARIETIES

### • SOUTH HAVEN •

(Freestone.) The great hardy Peach for cold regions because it, with Hale-Haven, withstands 10 degrees colder weather than any other Peaches grown. Large yellow freestone, as large as Elberta and several weeks earlier on the market. Plant Elberta and J. H. Hale with it for commercial purposes. All yellow, all freestone, all money-makers.

### • HALE-HAVEN •

(Freestone.) In this new, hardy, rot-resistant Peach, almost as large and fine as the Elberta itself, we have a Peach of great market value. A large, roundish Peach, with yellow skin, red blush on sunny side, yellow flesh; tender and melting; rich, sweet, and of superior flavor. A big, early yellow-skinned Peach of high quality, is sure to be in great demand. From August 15th.

## LATER VARIETY

### • ELBERTA •

(Freestone.) The great market Peach. Many consider it the best all-around Peach; lemon-yellow color with blush on sunny side. Flesh pale yellow, tender and juicy. Tree vigorous. An excellent shipping Peach. September.

New Peach "Clarkhaven" (Trade-Mark)

## GREAT NEW PEACH "CLARKHAVEN"

TRADEMARK

A splendid new Peach being introduced by us this year. It is a sport of Hale-Haven which was discovered by V. C. Clark, of Bristol, Ind., in a block of Hale-Havens in his orchards. Has all the superb qualities which have made Hale-Haven the most widely planted and the favorite Peach in the southern Michigan and Northern Indiana area, PLUS the important quality of ripening about ten days ahead of its parent. Those of you who raise Peaches for market know just how important this is. Think of getting a Peach of Hale-Haven quality and fine appearance on the market 10 days earlier! Fruits are large, have a fine over-all red blush, meltingly juicy flesh and are just as delicious for home use as for market. Try this new "CLARKHAVEN" and you will not be disappointed.

**3 to 4 ft., \$1.50 each;  
3 for \$4.00; 10 for \$12.00**

## PEACH TREE PRICES

ALL VARIETIES EXCEPT "CLARKHAVEN"

**2 to 3 ft., 75c each;  
10 for \$6.50; 100 for \$45.00.**

**3 to 5 ft., \$1.00 each;  
10 for \$8.00; 100 for \$60.00.**

**Note:** We do not ship Peach Trees into the following States: California, Washington, Oregon, Montana, Nevada, Colorado, Utah, Arizona and Florida.

# GIANT SIZE TRUE THORNLESS BOYSENBERRIES

The most popular and in heavy demand everywhere. Giant berries, 2 inches or more in length, have a tangy flavor, are dark maroon in color and unexcelled for use as fresh fruit, for locker storage after quick freeze, or for canning.

Plants are entirely thornless and bark is smooth and green. Nurserymen recognize this to be the finest variety and popular demand has verified their choice. A fully matured plant will easily produce 8 to 12 quarts of berries in a season. Plant in good soil and keep well cultivated for best results. Tie up branches to stake or fence each spring. After fruiting, cut off to ground level and allow new shoots to grow until following spring when they in turn are tied up. **No. 1 plants, 6 for \$1.25; 12 for \$2.00; 25 for \$3.00; 100 for \$10.00.**

Cultivated Blueberries Bear Heavy Crops When Plants Are Yet Small

## NEW GIANT-FRUITED, CULTIVATED BLUEBERRIES

### DELICIOUS FRESH FRUIT OR FOR CANNING

Grow successfully from coast to coast. Have your own Blueberries for home use or raise them for market. **Big profits, as bushes bear heavily and market is always good. Early berries bring from 35c to 50c a pint.**

The ideal plant for low spots where soil is sour. On higher ground some woods dirt or well-rotted leaves should be mixed into the soil, as they require an acid condition.

Plants last a lifetime when once established. The plants we offer will start bearing the first year after planting.

May be used as an ornamental shrub, as foliage and blooms are very attractive. If you do not have room for them elsewhere, plant them along the shrub border.

For field planting, space 5 by 7 feet apart and keep cultivated.

(Note: We send assorted varieties to insure pollenization.)

Bearing age, 12- to 18-inch plants, 3 for \$4.50; 10 for \$12.50.

### BOYSENBERRY CULTURE

Set plants with roots 4 inches deep. Plant about 6x6 ft. for field culture. May be set 5 feet apart in garden. Keep well cultivated. Allow new canes to grow out on the ground. In late fall lay runners in the row and cover with straw in severe climates. Remove the mulch in spring when buds begin to show and tie up all canes to wire stretched over posts 3 feet high. Allow to remain tied until after crop is picked, then cut off at ground and remove all wood and burn. Allow new canes to run on ground during summer and handle as before.

### BLUEBERRY CULTURE

Set plants 4x4 feet apart in cultivated acid soil. Blueberries must have acid soil to thrive and if your soil is not acid, mix in liberal quantity of peat moss to attain acid condition. Use plenty of peat or leaf mold around roots when setting plants. Keep well watered at all times unless you have them planted in low spot where natural moisture abounds.

**NOTE:** Boysenberry and Blueberry plants cannot be sent into the following States: California, Washington, Oregon, Montana, Colorado, Nevada, Utah, Arizona, and Florida.

# Delicious Varieties of HEAVY YIELDING GRAPES

## CONCORD

One of the most popular and reliable Grapes ever grown. Bunch is large, compact and well shouldered. Berries are large and round, almost black in color with blue bloom. Juicy and delicious with a very sweet buttery flavor.

## FREDONIA

The great new early bluish black Grape which has taken the country by storm. One of the largest, sweetest and finest Grapes which has ever been introduced.

## MOORE'S EARLY

A large Grape ripening about a week earlier than Concord. Rapid grower. Berries large and of excellent quality. Makes a good moderate yield and is valuable as an early Grape.

## NIAGARA

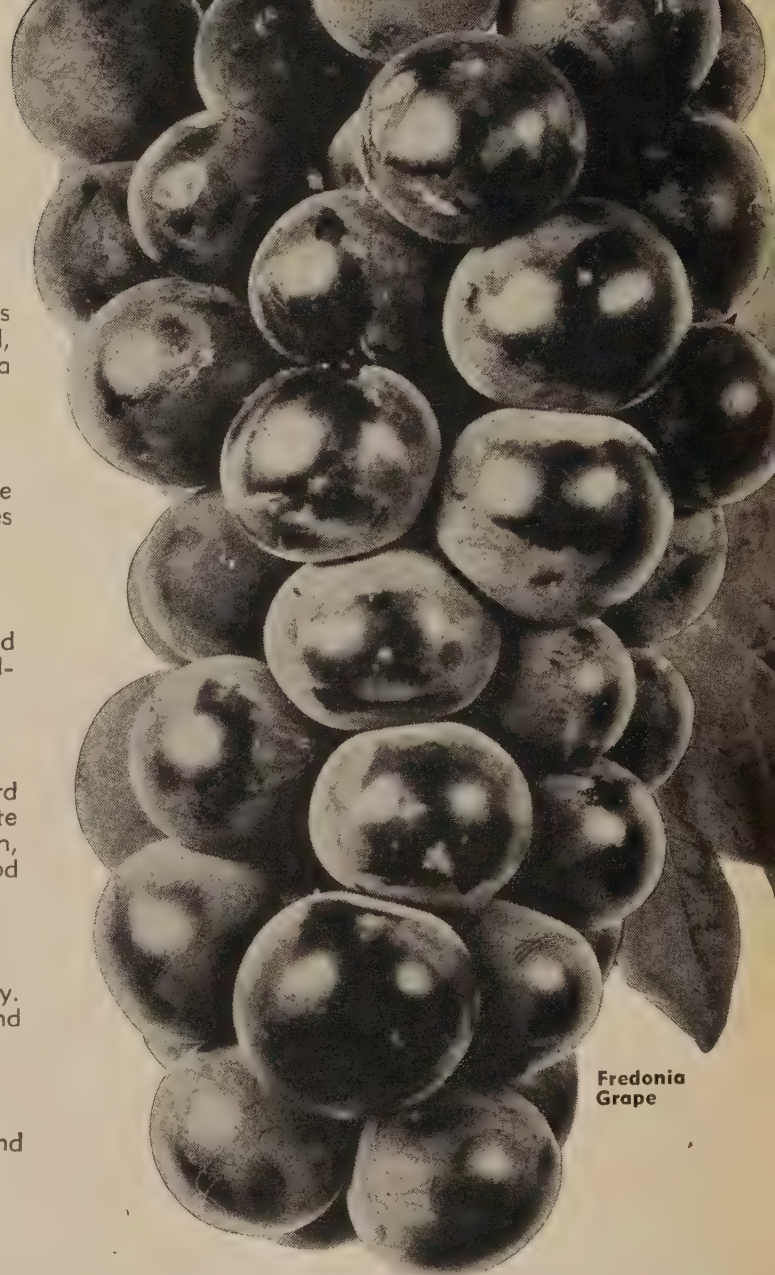

Occupies the same position among the white varieties that Concord does among the blacks. Bunch and berries are large, greenish white changing to pale yellow when fully ripe. Skin is thin but very tough, making them ideal for market use. A reliable cropper and good yielder.

## PORTLAND

The newest white Grape and the first to ripen of the Grape family. Individual Grapes are larger than the Niagara and are sweet and luscious.

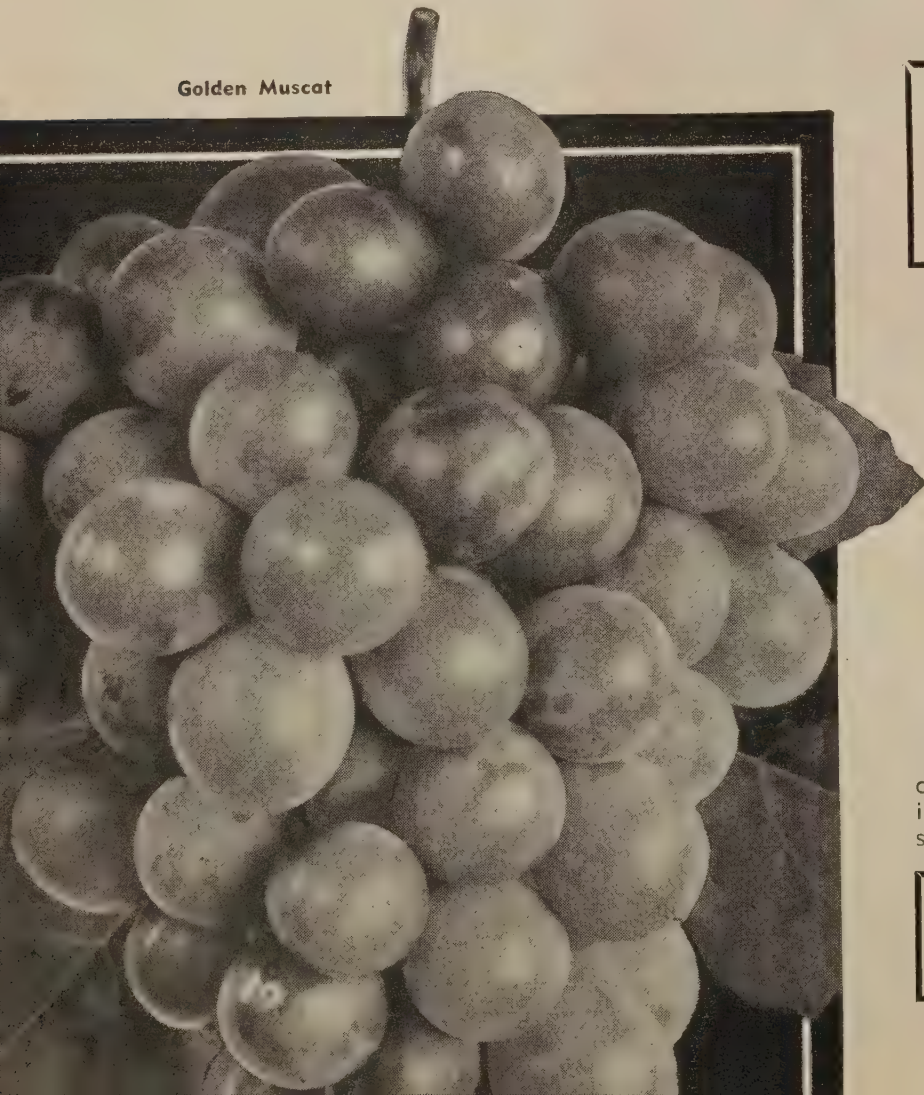

## CATAWBA

Early red Grape. Fruit extra large, the bunches are compact and of good size. Flavor is of the finest. Fruit is sweet and juicy.

Fredonia  
Grape

Golden Muscat

### PRICES OF ALL GRAPE VINES IN VARIETIES ABOVE

2-Yr. Plants

40c each; 5 for \$1.75; 10 for \$2.75  
Write for Prices on 100 Lots

### GOLDEN MUSCAT

One of the finest of the newer Grapes. Large in berry and bunch; sweet, juicy and firm in flesh. A splendid Grape for either home use or for market.

Heavy rooted, 2-year vines:  
90c each; 3 for \$2.50;  
10 for \$7.50

Grapes should be planted 6 to 8 ft. apart in well-cultivated soil. Cut back to 3 eyes or buds when planting. Keep trained on wires or other support. Cut back severely each spring.

### NOTE BEFORE ORDERING GRAPES—

We do not ship Grape plants into the following States: California, Washington, Oregon, Montana, Colorado, Utah, Nevada, Arizona, and Florida.

# ASPARAGUS

## Famous "Martha Washington" Variety

The first vegetable to come up in the spring garden. The Martha Washington variety stands supreme for its growing habits and delightful flavor. 100 roots will supply the average family and will last for years. Set 10 inches apart in rows. Spread the roots out in the bottom of the holes and tamp soil firmly. Plant so that there is about 2 inches of soil over the crowns of the plants. **2-year-old roots, \$1.00 per doz.; 25 for \$2.00; 100 for \$5.00; 1000 for \$30.00.**

### PLANTING DISTANCES — NUMBER OF TREES OR PLANTS PER ACRE . . .

2 feet apart each way . . . . .	10,890
3 feet apart each way . . . . .	4,840
4 feet apart each way . . . . .	2,723
5 feet apart each way . . . . .	1,742
6 feet apart each way . . . . .	1,210
8 feet apart each way . . . . .	680
10 feet apart each way . . . . .	430
12 feet apart each way . . . . .	302
15 feet apart each way . . . . .	194
18 feet apart each way . . . . .	135
20 feet apart each way . . . . .	110
25 feet apart each way . . . . .	70
30 feet apart each way . . . . .	48
33 feet apart each way . . . . .	40
40 feet apart each way . . . . .	28
50 feet apart each way . . . . .	17

Apple trees should be planted 30 to 40 feet apart. Cherry trees should be planted 20 to 30 feet apart. Peaches, Plums, Pears, Quinces and Apricots, 15 to 25 feet apart.

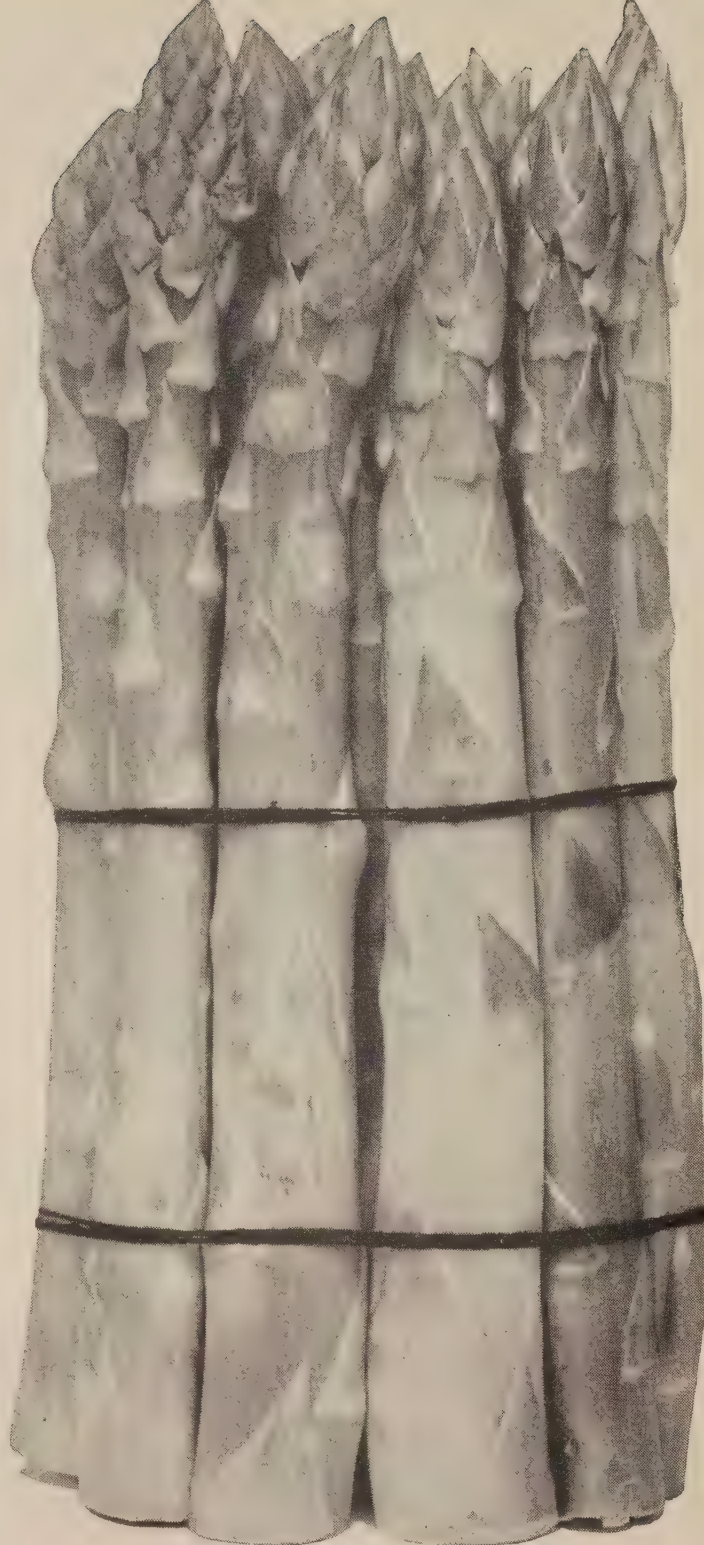

Grapes, 6 x 6 ft.; 8 x 8 ft.; or 8 x 10 ft.

Small fruits such as Gooseberries, Currants, Raspberries, and Blackberries, 3 x 3 ft. to 6 x 6 ft.

Asparagus, 10 inches apart in rows 3 feet apart.

Rhubarb from 2 to 3 feet apart in rows 3 feet apart.

Strawberries in rows 3 feet apart with plants 18 inches apart in row.

## "RED LAKE" CURRANTS

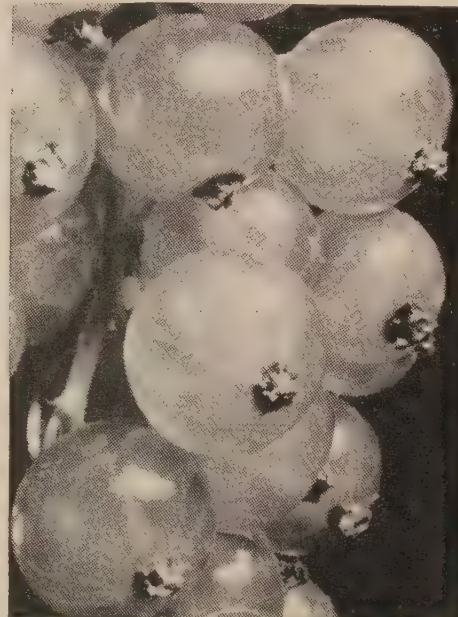

For the Most Delicious and Perfect Jelly

Late introduction. Fruit bright red and large. Clusters are long and size of berry is uniform to end of bunch. Flavor is rich and sub-acid with plenty of pulp and few seeds. We believe it to be the best variety grown today. **2-yr. plants, 45c each; 3 for \$1.15; 10 for \$3.00.**

Plant Currants 3 to 4 feet apart and keep cultivated. Each spring cut out all old wood and leave but 4 or 5 of the strongest new canes to produce new crop. Burn all the trimmings as soon as job is completed. Keep well fertilized.

### NOTE: CURRANTS CANNOT BE SHIPPED INTO THE FOLLOWING STATES—

California, Washington, Oregon, Idaho, Montana, Colorado, Nevada, Utah, Arizona, Florida, Connecticut, Maine, Maryland, Michigan, Massachusetts, Minnesota, New Hampshire, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Wisconsin, New Jersey, West Virginia.

Perfection Currant

# KRIDER'S HIGHEST QUALITY HAND SELECTED STRAWBERRY PLANTS

AVAILABLE  
ONLY FOR  
SPRING PLANTING

WE REGARD THE VARIETIES OFFERED AS THE BEST AND MOST PROLIFIC BEARERS

## A WORD ABOUT THE QUALITY OF STRAWBERRY PLANTS:

In looking through the many catalogs you receive you will notice that many claim to be the largest growers of plants, many claim to grow the best plants. We have bought plants from some that make extravagant claims in different sections of the country and we may truthfully say that we have never received any better plants than those we send out to our customers. We guarantee the plants we grow and sell to be as large and as fine as you get anywhere (no matter what you pay) and to be put up in as good condition. If grown side by side, under like conditions, they will produce as much and as good fruit.

### PREMIER

A money-making, frost-proof Strawberry; hardy, productive, very beautiful and attractive. Succeeds everywhere, never fails to produce a big crop every year. There is a greater demand for commercial planting than for any other early variety. An excellent shipper and canner. Sells for fancy prices on the market.

### DORSETT

6,640 quarts to the acre. This new variety was originated by the U. S. Dept. of Agriculture. A scientific cross between the Premier and the Royal Sovereign, an English variety. One of the firmest berries known and has dark green foliage, holding the color through the season. Berries are larger than Premier. Color is bright red and retains color long after picking.

### ROBINSON

A grand new berry which we think will become as popular as the well known Premier. Plants are vigorous growers and mature very heavy crops of excellent berries. Fruits are large, bright red, solid and have a delightful flavor. Keep well after picking, either for shipping or for home use. Hold shape when canned and are unexcelled for quick freezing.

### SENATOR DUNLAP

Perhaps no other Strawberry is so favorably known throughout the country generally as the old reliable Senator Dunlap. It enjoys the distinction of producing full crops in a wider range of soil and climate than almost any other variety. Fine for both home and commercial uses.

Premier

**NOTE:** We do not ship Strawberry plants to the following States: California, Washington, Oregon, Montana, Nevada, Colorado, Utah, Arizona, and Florida.

# EVERBEARING STRAWBERRIES

Will Bear Fruit Early and Late . . .

## NEW "Streamliner" →

### ● The Prolific New Everbearer of Quality ●

The Sweetest Strawberry We Have Ever Tasted . . . . .

**SAVE SUGAR WHEN CANNING OR USING ON TABLE—GROW "STREAMLINER"** . . . . .

This new berry is of immense size, a sure cropper, of choice quality and an extremely vigorous grower. These fine qualities make it much prized by those who grow berries for market. Starts bearing early in the season and continues to bear heavy crops until long past frost. A beautiful bright-colored berry of fine flavor; excellent for market, for canning or for locker storage after quick freezing.

**25 for \$2.00; 100 for \$5.50;  
500 for \$24.00; 1000 for \$35.00.**

## "GEM" THE MODERN EVER- BEARER

A mouthful of melting, flavorful Strawberry deliciousness. The Gem holds those qualities from the first spring ripening until cold weather. Fruit is very large and uniform. Firm and solid. Produces large crop the first season. Berries ripen clear to the tip and color all the way through. **Prices of Gem: 25 for \$1.50; 100 for \$3.50, postpaid. 500 for \$16.00; 1000 for \$28.00.**

# TWO Exceptionally Fine New RHUBARBS

## CANADA RED

The new Seedless Rhubarb. Extra large, plump stalks are red clear through. The earliest garden fruit and an excellent health tonic. A dish of stewed Canada Red looks almost as red as a dish of strawberries. Sweet and full of a mild, delicious flavor. May be cut up for cooking without peeling. The finest new Rhubarb in recent years. **No. 1 divisions, \$1.00 each; 3 for \$2.50.**

Chipman's  
Canada Red

## MACDONALD

ILLUSTRATED  
BELOW

Stalks are of giant size on mature plants, and a rich rosy red in color. (See picture below.) This beautiful color carries through the stalk. Flavor is mild and pleasing. This new Rhubarb never becomes tough or stringy. Just cut in small chunks and cook. Do **not** remove the tender skin; it cooks right up with the stalk.

**Nice, 2-Year Divisions  
60c each; 3 for \$1.50; 10 for \$5.00**

# FINEST BLACK RASPBERRY

## "CUMBERLAND" THE GREAT BLACKCAP

Largest Blackcap Raspberry grown. Plant is an unusually strong grower and heavy bearer. Berries are very large, sweet and juicy, keep well for market and hold shape in cans when cold-packed. Useful and valuable for the home garden as they are excellent for table use as fresh fruit, fine for canning or the making of jam and jelly, and equally as good for locker storage after quick freezing.

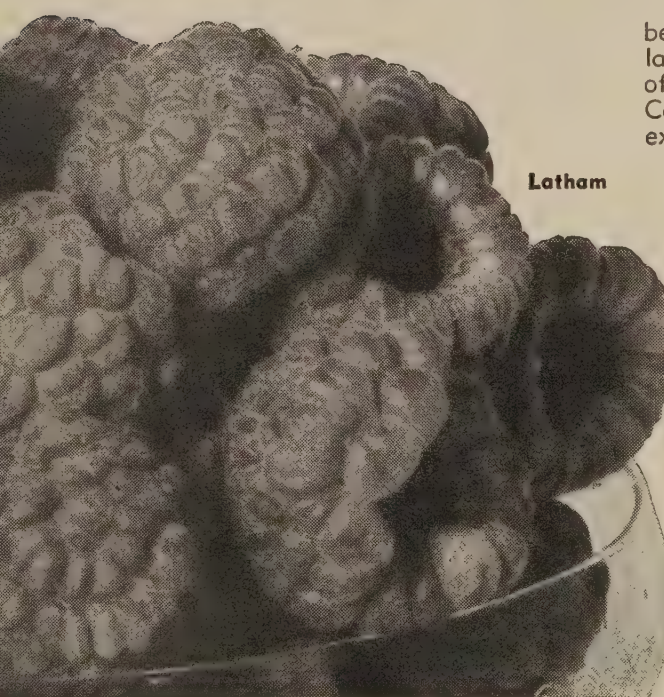

12 for \$1.25; 25 for \$2.00;  
100 for \$6.00; 500 for \$25.00;  
1000 for \$45.00

## "LATHAM" BEST KNOWN AND MOST GENERALLY SATISFACTORY OF ALL RED RASPBERRIES—the "OLD RELIABLE"

Latham

We might well use this whole page extolling the merits of this wonderful berry, which we regard as the finest ever introduced. Berries of extremely large size, and when ripe, are a beautiful bright red in color. The hardiest of all Raspberries, growing well and producing abundant crops even to the Canadian border. Flavor is delicious and crop is remarkably heavy, sometimes extending over a month. In every way Latham stands supreme.

12 for \$2.00; 25 for \$4.00; 50 for \$7.00;  
100 for \$11.00; 500 for \$45.00

## Famous "ELDORADO" BLACK-BERRY

Largest hardy Blackberry grown. Free from rust and a good money-maker. Canes grow upright and sturdy. Fruit ripens in July and continues over a long period. We offer only the one variety as it is the only one which has proven to be generally satisfactory.

Eldorado Blackberry

6 for \$ 0.75  
12 for 1.25  
25 for 2.00  
100 for 6.00  
500 for 25.00  
1000 for 45.00

### GROWING BLACKBERRIES

Blackberries do best on good soil, clay and sand mixture preferred. Plant in rows 6 feet apart and 2 feet apart in the row. 3500 plants are required per acre.

### THE GROWING OF RASPBERRIES

Plant Raspberries in well drained cultivated soil. Set plants with the crown or eye about one inch below ground level. Raspberries should be set 4 feet apart each way. As soon as the bearing season is over, all old wood or canes should be cleaned out and new growth cut back about one-third. This permits good bearing wood to develop the next year's crop.

**NOTE:** We do not ship either Red or Black, or Blackberry plants to the following states: California, Washington, Montana, Nevada, Utah, Colorado, Oregon, Arizona, Florida.

# RA-PID-GRO

**MAKES A COMPLETE, QUICKLY AVAILABLE,  
EASILY PREPARED PLANT FOOD BY MERELY  
ADDING PROPER AMOUNT OF WATER . . . .**

**Contains Vitamins B<sub>1</sub> and B<sub>2</sub> Plus Eleven Other  
Vital and Needed Plant Food Elements—  
The "Miracle Plant Food"**

*Read the Facts Below . . .*

**DECIDE TO USE RA-PID-GRO**

## **WHAT IS RA-PID-GRO?**

Ra-pid-gro is a complete concentrated plant food formula. Easily made into an immediately effective liquid fertilizer by simply adding water. It will speed up growth of plants now in place and will assure more successful transplanting of new plants.

## **HOW IS IT USED?**

Ra-pid-gro is so easily prepared for use. Just add water at the rate of 1 lb. of Ra-pid-gro to 22 gallons of water. Allow to dissolve and it's ready for use. Apply around each plant according to directions on the bag. For use on small numbers of plants mix at the rate of a teaspoonful to the quart of water. Also very valuable for use when transplanting. Dip plants in solution for three or four minutes, then set in place and water with remainder of liquid. Practically eliminates losses.

## **WHAT WILL IT DO?**

Ra-pid-gro will work almost unbelievable miracles in promoting rapid and healthy growth on all types of plants. Use it on lawns, around shade trees, evergreens, shrubs, roses, perennials, vegetables and house plants. Many times plants which have been given up for dead will respond to applications of Ra-pid-gro. All the vital plant food elements are present in this remarkable discovery and, since it is applied in liquid form, are readily available to the roots of the plant.

## **HOW DOES ITS COST COMPARE WITH OTHER FERTILIZERS?**

Ra-pid-gro is less expensive than other fertilizers. In the larger quantities it makes your fertilizer cost about 1/2c per pound, as against a cost of about 3c per pound for average fertilizers. Remember 1 pound of Ra-pid-gro makes 176 pounds of rich and complete plant food.

## **WE OFFER THREE OF THE MOST CONVENIENT SIZES—**

*All are sent by Prepaid Parcel Post.*

<b>1-lb. FABRIC BAG</b>	Makes 176 lbs.	<b>\$1.30</b>
<b>2-lb. FABRIC BAG</b>	Makes 352 lbs.	<b>2.50</b>
<b>5-lb. FABRIC BAG</b>	Makes 880 lbs.	<b>4.75</b>

**TRY RA-PID-GRO AND AMAZE YOURSELF WITH RESULTS**

## **DOES IT CONTAIN FILLER?**

Ra-pid-gro contains no sand or other filler which always makes up part of the bulk of regular fertilizers. You pay only for the vital food elements in highly concentrated form.

## **STOPS EXPENSIVE AND TRAGIC TRANSPLANTING LOSSES Save Them With Ra-Pid-Gro**

By using a large tub or pail and mixing Ra-pid-gro with water at the rate of 22 gallons of water to one pound, you have a solution in which to dip the roots of the plants before setting out. If this is done, you will practically eliminate transplanting losses. Trees, shrubs, roses, evergreens and similar plants should set in the solution 3 to 4 minutes. Berry plants one minute. Vegetable and house plants just dip and remove. Grass and vegetable seeds should be sprinkled with Ra-pid-gro before sowing. Use balance of solution for watering after planting plants or sowing seed.

## **HOW MUCH WILL I NEED?**

To estimate your season's requirements of Ra-pid-gro figure at the rate of 1 lb. of Ra-pid-gro for each 100 lbs. of other fertilizer you have been using. Or the manufacturer recommends the following: for a lot 40x60 ft. with 15 shrubs, 20 feet of hedge, 3 fruit trees, 2 evergreens, 12 roses and 800 sq. ft. of lawn, 5 lbs. of Ra-pid-gro for a season's feeding. A lot 40x100 ft. with 25 shrubs, 3 shade trees, 4 fruit trees, perennial bed, a few grapes and raspberries, 10 evergreens, a small vegetable garden and 1500 sq. ft. of lawn requires 10 lbs. per season. A lot 75x150 with 48 roses, 40 shrubs, 4 shade trees, perennials, 6 evergreens, hedge, vegetable garden, strawberry and raspberry patch, grapes, 10 fruit trees, and 4000 sq. ft. of lawn will require only 20 lbs. of Ra-pid-gro per season.

## **MAKE THIS TEST . . . .**

Get 1 lb. of Ra-pid-gro and mix as specified and apply to a small staked-off section of your lawn; or to a few selected rose bushes, berry plants, perennials, etc. At the end of 30 days you will be surprised at the difference between those fertilized with Ra-pid-gro and those left unfertilized. You'll be a booster for this remarkable and easy way to secure almost phenomenal results from your plants.

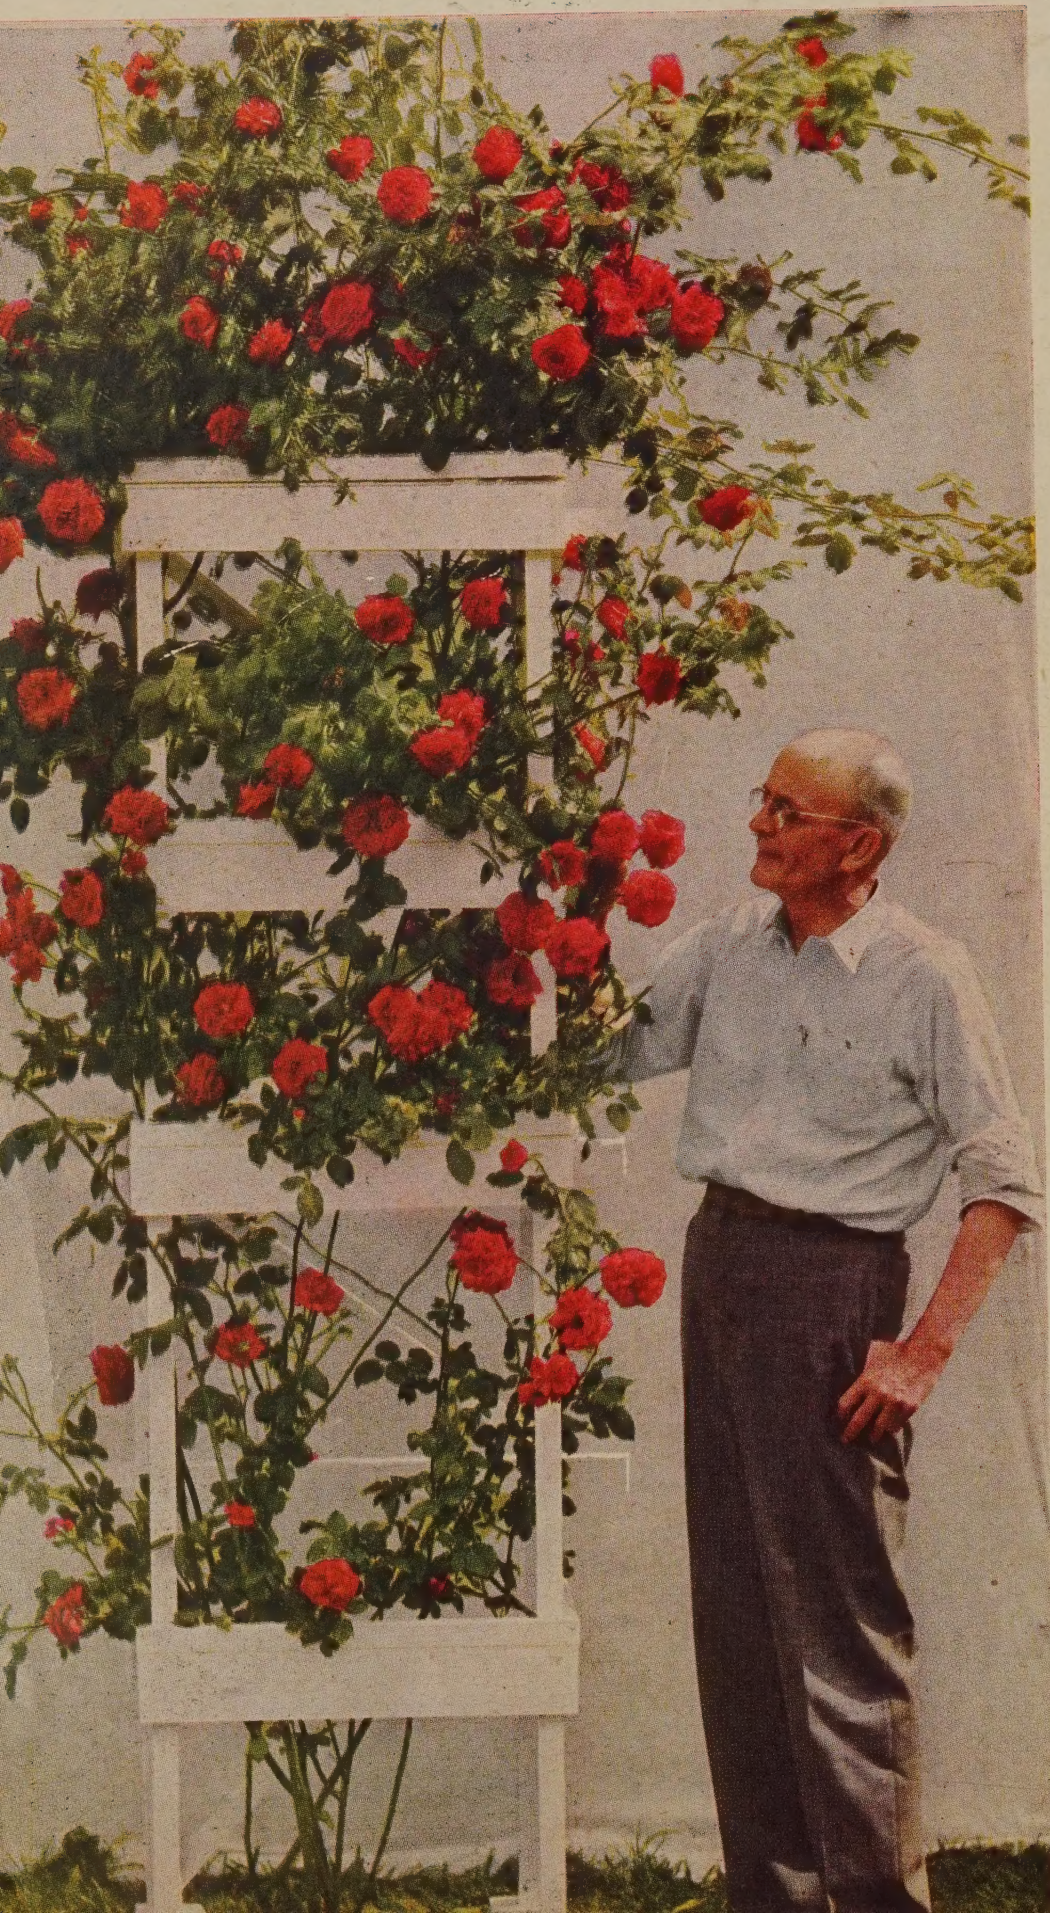

# NEW *Thornless* "CLIMBING FESTIVAL"

U. S. PLANT PATENT No. 687

## NEW "PILLAR STRATFORD"

U. S. PLANT PATENT APPLIED FOR

**Mother Plant of Climbing Thornless Festival, and the originator, A. F. Watkins, owner of Dixie Rose Nurseries, to whom we paid \$1,000.00 for this single plant.**

### CLIMBING FESTIVAL

(Plant Patent No. 687)

#### The Thornless Climber

All the excellent qualities of the new THORNLESS ROSE, "FESTIVAL", shown in color on the front cover, but in Climber form. Bright red blooms completely cover the plant in June with some repeat blooms throughout the summer under ideal conditions. Rapid, sturdy grower. Good canes and foliage but NO THORNS to tear your flesh. 2-year No. 1 plants, \$2.00 each; 3 for \$5.00, postpaid.

### PILLAR STRATFORD

(Pat. Applied For)

A Pillar form of the magnificent Rose, "Stratford" described and pictured in color on page 9. Canes reach a height of 8 to 10 feet stiffly erect. Ideal for planting on each side of a driveway entrance or wherever a post or pillar effect is wanted. Has the large, extremely double blooms of the bush form and bears them throughout the long summer and fall season. Sturdy and hardy, and a distinct addition to the Rose family. 2-year No. 1 plants, \$1.50 each; 3 for \$3.75, postpaid.
